

# Resource Consent – Affected Parties Written Consent Form

## Section 94(2): Resource Management Act 1991

May 1999

### NOTE

The person(s) wanting you to sign this form is/are applying for a resource consent. A resource consent is planning permission to use land, air, or water in a way which needs to be managed so that other people and the environment are not adversely affected.

You are being asked to give your approval because under the Resource Management Act 1991, an application for a resource consent does not have to be publicly notified if all affected parties give their written approval, and the Council believes the effects are minor.

It is not appropriate to impose conditions on this form. However, you do have the right to withdraw your written consent at any time prior to the Council making a decision on the application.

**If you do not wish to give your written approval, or do not understand what this form is for, do not sign it.** If you have any queries about this form or the reason it is required, please contact the Planning Department of the Ashburton District Council, PO Box 94, Ashburton, ph 308 5139, fax 308 1836.
