

<b>Stockwater Race Works Consent Application</b>	<b>FORM 2</b>
<b>Assessment of Effects</b>	

**NOTES TO PERSON COMPLETING THIS FORM:**

This form must be filled out as an accompaniment to a “Stockwater Race Works Consent Application Form” for all works involving deviation / extension / closure of existing races, and the construction of new races.

Please make sure this assessment is as complete and accurate as possible. You need to demonstrate that you have considered any adverse effects that the proposed works will have on the stockwater network, downstream stockwater users and any other parties. You need to consider effects both in the short term (while the works are being carried out) and in the longer term (once the works are complete and into the future). Please tell us how you propose to mitigate these effects.

<b>1      Description of Proposed Works</b>
---

Fully describe the works involved in the space below

<b>2      IDENTIFICATION OF AFFECTED PARTIES</b>
--

**(a)      Identify affected parties**  
 Identify all affected parties and describe how the works will effect them.

Name of Affected Party	Description of How Effected

**(b) Consultation with affected parties**

Describe the consultation carried out with the affected parties.

**3 SHORT TERM EFFECTS**

**(a) Describe the short term effects of the proposed works**

**(b) Explain how you propose to mitigate these effects**

**4 LONG TERM EFFECTS**

**(a) Describe the long term effects of the proposed works**

**(b) How do you propose to mitigate these effects**
