WHAT POSITIONS ARE UP FOR ELECTION

We hope you'll vote in all elections on your voting document – the successful candidates make decisions that affect us all every day so make sure you have your say.

You may find all or some of these positions on your voting document:

- 1) **The Mayor** is the leader of the City or District Council.
- 2) **The City or District Council** provides communities with a wide range of local services and facilities. Councils make decisions to improve community wellbeing including key infrastructure (e.g. water supply, sewerage, roads), local regulations, recreational facilities, parks, planning and building issues.
- 3) **The Regional Council** makes decisions about functions best delivered at a regional scale such as natural resource management (e.g. quality of water, allocation of water, land and soil, coastal planning, plant and pest control), regional transport, and civil defence and emergency management. Unitary Authorities perform the functions of both City or District Councils and Regional Councils.
- 4) **The District Health Board** makes decisions every day to improve the health of people in the community – including the kinds of health services to be provided.
- 5) **A Community Board** provides leadership to empower local communities and may make decisions about local issues or recommend how Council should spend money on local services.
- 6) **A Licensing Trust** exists to sell alcohol responsibly through premises in the trust area and decide how surplus profits are returned to the community. Community and other Trusts support charitable work.
- 7) **A Poll or Referendum** may also be on your voting document. Your vote in this helps the Council make decisions on the issue being considered.

THE CANDIDATES STANDING FOR ELECTION

- The candidates are listed under the election they are standing for.
- You can read what candidates have written about themselves and their policies in this booklet.

Please note: Although your voting document will only list the elections you are allowed to vote in, some of the candidates listed in this booklet may be standing for elections that do not apply to you.

MAKE SURE WE CAN COUNT YOUR VOTE

Fill in your voting document correctly:

- You must follow the instructions.
- Your voting document is for you only – by law no-one is allowed to complete, deface or destroy another person's document. Please note, you can ask another person to help you mark the document if you can't see well or read or write or have difficulty with English.
- Get it to us on time.
- Don't include anyone else's voting document in your envelope.
- If you are not sure what to do, ring the Electoral Office number shown on your voting document.
- If you do decide not to vote, please destroy your voting document.

We can't count your vote if it arrives late, so have it to us by 12 Midday, Saturday, 12 October 2019.

Ashburton District Council

Electing the Mayor

Leen BRAAM

My principal place of residence is in the Ashburton District Council area. I am also standing for the Ashburton Ward.

Council needs a strong leader as mayor; someone who will ensure the collective wisdom of all councillors is used for the benefit of the

community.

Born in the Netherlands, my guiding principles of honesty, loyalty and respect for others were instilled from childhood. Mid Canterbury became home in 1982, and Lianne and I have enjoyed raising our family here, joining many community groups. Sports, church, theatre and music have enriched our lives, and those of our children and grand-children.

Being a self-employed landscape designer requires vision, the ability to listen and interpret, clear thinking and problem solving skills - all vital mayoral attributes.

Governance roles with Ashburton Collège, Tinwald School, the Tinwald Reserves Board, and a term as councillor helped develop strategic and leadership skills and increase community knowledge.

As mayor, I would strive to strengthen infrastructure to encourage economic growth, bridge the rural/urban divide, and focus on community well-being.

Neil BROWN

My principal place of residence is in the Ashburton District Council area.

I am a born and bred Ashburton family man, having been married to Judy for 27 years and raised three children here. I've lived and worked on farms throughout the district and have

business interests in our towns. As both a rural and town resident and ratepayer, I have the advantage of understanding the unique issues facing each community.

For the past 15 years I have represented residents as a rural and town councillor, with seven years as Chair of the Finance Committee and three years as Deputy Mayor. In my time, I have overseen some very large projects, always ensuring a watchful eye on using ratepayers' money wisely. Council has some big projects ahead and we need a steady hand to ensure common sense prevails over our spending.

I am running for Mayor so Ashburton will have the most consistent, stable and positive leader it needs for its future.

Ashburton District Council

Electing the Mayor

Donna FAVEL

My principal place of residence is in the Ashburton District Council area.

Twenty one years ago David and I took over a struggling Regent Theatre. My experience in administration, sales and marketing were beneficial, in turning the business around.

I've since served on Council, both as Councillor (6 years) and Mayor (3 years).

There are many similarities between Council and Cinema - Focus on the Bottom Line - Seek Opportunities - Work Collaboratively - Be Agile - Customer is King, serve them well and listen.

The role of Mayor has been equal parts - Board Chairman, Community Advocate and Cheerleader for this outstanding District.

As Mayor - I am pleased and proud that we've worked collaboratively, with very little contention and progressed many long term projects. Also that Ashburton District has made National Headlines for positive reasons.

I strive to deliver a Quadruple Bottom Line - People, Purpose, Prosperity and Planet.

I seek your support for the position of Mayor for the 2019-2022 term.

TOGETHER WE SUCCEED

Tony TODD

My principal place of residence is in the Ashburton District Council area.

With a strong family history spanning generations and a deep love for Ashburton, I now offer my leadership to take the Ashburton District into a Powerfully Positive Future.

Deep involvement and leadership of a number of key organisations, - Jaycees, Rotary and ALT along with our main street retail store TODDS, has enabled me to form ongoing relationships with thousands of locals from both town and country and develop a feel for what they love about our district and aspects where they felt we could do better.

I have imaginative ideas and I'm excited about developing them.

Our district has evolved into a wonderful melting pot of cultures and each brings its unique flavours to our lives and enriches us all as we move into a new era.

I want to celebrate our diversity and take us forward as a vibrant inclusive special place we are proud to call home.

Ashburton District Council

Ashburton Ward

Electing 5 Councillors

Thelma BELL

My principal place of residence is in the Ashburton Ward area.

My family and I are extremely proud to call Ashburton home. I am seeking re-election to continue to promote Ashburton District internationally and ensure migrant welfare and well-being. In my first term as Councillor, I have tirelessly pursued these advocacies by serving on various committees and working groups, and proudly representing Ashburton District Council in local, regional and national conferences and events. Internationally, I facilitated a major Philippine TV network's feature on Ashburton aired to a potential audience of 100 million.

Outside of council, I am a Justice of the Peace, Multicultural Bite Trust Chairperson, on the Grants Committee for Advance Ashburton Community Foundation, and a Trustee for Ashburton Indian Multicultural Council and Hakatere Multicultural Council. My faith in God is an integral part in all aspect of my life. A vote for me is a vote for integrity, multicultural integration and international connections.

Leen BRAAM

My principal place of residence is not in the Ashburton Ward area. I am also standing for Mayor.

It has been a privilege to be a councillor for the last three years, and immensely satisfying to see progress on the CBD redevelopment, Civic Centre plans and the preservation of the Chinese settlement.

Born in the Netherlands, my guiding principles of honesty, loyalty and respect for others were instilled from childhood. Mid Canterbury became home in 1982, and Lianne and I have enjoyed raising our family here, joining many community groups. Sports, church, theatre and music continue to enrich our lives and those of our children and grand-children. Being a self-employed landscape designer requires vision, the ability to listen and interpret, clear thinking and problem solving skills.

Governance roles with Ashburton College, Tinwald School and the Tinwald Reserves Board, and a term as councillor helped develop strategic and leadership skills and increase community knowledge.

Your vote for me will be for commitment, integrity, honesty, inclusiveness, openness and common-sense.

Ashburton District Council Ashburton Ward Electing 5 Councillors

Carolyn CAMERON

My principal place of residence is not in the Ashburton Ward area.

I've been associated with Ashburton most of my life, I went to primary school in Eiffelton before attending Ashburton Intermediate and Ashburton College. I am married to John and we have 2 daughters. In 2000 we purchased an interest in Allenton Pharmacy and have been involved in pharmacy in Ashburton ever since.

A lot of my day is spent talking to people, and over many years I have gained some insight into what is important to our community. Basically, I can categorise the issues into 3 main points: roading (poor quality and inadequate repairs), town centre, (too many empty shops, disjointed shopping area), and careful, transparent use of ratepayers' money.

If given the honour of being elected as a Councillor I can guarantee that I will strive to prioritise these issues. I will operate transparently and I will always be available to discuss people's concerns.

Rochelle CASTLE-WILSON

My principal place of residence is in the Ashburton Ward area.

I have lived in Ashburton since 2017 and I love it here. I am well-travelled, have been self-employed in farming, crayfishing and the tourism sectors and am a trained nurse. I currently work as an Office Manager and would bring a raft of transferable skills to the council table that include governance experience in private enterprise, recreational groups and the educational sector. I believe in a respectful, collaborative, common sense approach to problem solving and promise a fresh perspective with an open-minded, transparency to anything I commit to. I can't promise to have all the answers, but can promise a well informed and pragmatic approach to dealing with issues that will allow our community and beautiful region to continue to thrive.

Should you support my effort to give back to this community, your vote for me will be a vote for change, and a big tick for #commonsenseinanutchelle.

Ashburton District Council

Ashburton Ward

Electing 5 Councillors

John FALLOON

My principal place of residence is in the Ashburton Ward area.

I've lived in Ashburton for more than forty years, and with my wife Shirley, have raised a family here. As an accountant I've helped local businesses and community groups succeed.

I have extensive financial and governance experience, serving our district as Chair of the EA Networks' Shareholders Committee. Nationally, I sat on the board of IHC, one of New Zealand's largest charities, and held national roles with the Institute of Chartered Accountants.

I'll focus on keeping our rates as low as possible. Every decision that Council makes has a cost, coming straight from the pockets of ratepayers. We have an obligation to spend your money wisely, I'll bring that discipline to the Council table.

We need to get the basics right on infrastructure, robust local roading, and fit for purpose water and wastewater systems. The Council needs responsible leadership, and I have the practical experience to ask the hard questions.

Angus MCKAY

My principal place of residence is in the Ashburton Ward area.

The love I have for this district and its people has ignited my passion to offer my experience back to council again. Current decision makings, without the best possible outcome, for examples St John

station, Fire Museum, Information Centre, Water feature, have really left me wondering. Ensuring your future in Ashburton is safe and sustainable, I will be here to make sure rate payers enjoy and receive what you have paid for. Sensible budgeting, minimising district debts, not destroying what we have but building on what past generations have provided. Lighting up the Central Business Area, futuristic and friendly play areas for our children, extending sporting facilities, pushing government for better standard of roading are all on my agenda. To achieve these, we need a strong team of council adopting affordable solutions, flexible with budgets and ensuring that funding is timely. Leadership, patience, understanding, experience, will build our future.

Ashburton District Council Ashburton Ward Electing 5 Councillors

Selwyn PRICE

My principal place of residence is in the Ashburton Ward area.

I am a sitting councillor for the Ashburton Ward seeking re-election.

I am deputy chair of Service Delivery, the subcommittee with responsibility for 80% of

council expenditure.

My passion for our community is demonstrated through being secretary of Rural Support Trust, a trustee for Multi-Cultural Bite, and member of Hakatere Marae and Ashburton Art Gallery committees.

My reputation on council is as someone who gets the bigger picture, is well prepared, and who stands up to be counted. I offer a genuine voice for the community, having attended around four hundred events each year as a councillor, and posted daily on my dedicated Facebook page (<https://www.facebook.com/SelwynPrice4ADC/>).

I have a strong social conscience and integrity, and vote according to available information, clear principles and shared values. Having promoted the Four Wellbeings approach to decision making, I am uniquely placed to help guide our community into this new phase of local government.

Diane RAWLINSON

My principal place of residence is in the Ashburton Ward area.

Having now served one term as an Ashburton District Councillor, I willingly and enthusiastically offer myself for re-election.

I wish to continue with my strong interest in local

and wider Governance. This has been a progressive term and we have commenced several important projects which have been in the pipeline for many years. As the Deputy Chairperson of Environmental Services Committee, Chairperson of two Working Groups and participating in many other committees of council, I believe that I have involved myself not only in council matters, but reached out into the community which was one of my goals.

I am friendly, honest and open minded, with the ability to listen well, look at both sides of an issue, and give positive direction. Community is most important, and we need a Council that can be transparent, open, and working for the good of our Community.

Ashburton District Council
Ashburton Ward
Electing 5 Councillors

Ash SHAH

My principal place of residence is in the Ashburton Ward area. I am also standing for the Ashburton Licensing Trust.

I have a strong accounting, finance & management background. I have worked for local governments, Anglican Church and a finance company; and organisations within the community. People describe me as honest, friendly, hardworking, and approachable with a great sense of humour.

I deeply care for the community and district. ADC needs a young talented person with a fresh perspective who understands our community and importance of the community's perspective on Council policies and procedures.

I am motivated to rejuvenate the community voice, interest and add diversity. As a Councillor I promise to find ways to minimise rates increase; see that every ratepayer dollar is spent for the community with optimum return. I will ensure the Council is answerable, accountable and responsible to its ratepayers.

Transparency and accountability will be my motto.

I will be extremely grateful and humbled to be your voice in the Council.

APPROVED

Ashburton District Council Eastern Ward Electing 2 Councillors

Lynette LOVETT

My principal place of residence is in the Eastern Ward area.

Your Rural Voice Working For Both Town And Country.

I Am seeking a second term on Council.

I have the ability, energy and will work

collaboratively for the best outcome for the Ashburton district to grow and excel to be a desirable place to live, work and play. I am proud to be living on our family farm of four generations in the Eiffelton district, which gives me a good grounding on the agricultural industry and rural communities. My interests and volunteering are, County Lions, Civil Defence, Red Cross, past President of Ashburton A&P Association, Garden Club, Women in Arable, Rural Women and Federated Farmers. I look forward to being part of the future Council to continue with the governance role and the ongoing projects and developments.

I thrive on a challenge and I am here for all Ashburton people.

Mark MALCOLM

My principal place of residence is in the Eastern Ward area. I am also standing for the Ashburton Licensing Trust.

A fifth generation Ashburtonian with a diverse experience in employment, business and farming, I am 58 years of age, one of the younger standing councillors. I bring a diverse business skill set to the council table however I believe that my being local and community minded, with an ability to listen, are my greatest assets I have to offer you. In the past I have held many leadership roles in the community and am currently President of the Rakaia Lions Club, where I enjoy the fellowship and service projects they do for the local community. With my experience of the last three years as your Councillor I have seen many new projects started in this district and I wish to see them to fruition, as your voice on council, in the district that makes us all proud to call ourselves Ashburtonians.

Ashburton District Council

Eastern Ward

Electing 2 Councillors

Philip Arthur RUSHTON

My principal place of residence is in the Eastern Ward area.

Having lived in Mid Canterbury all my life I put my name forward for the Eastern Ward position on Ashburton District Council.

My background is a lifetime in arable and livestock farming in Mid Canterbury.

My community involvement includes Rakaia Lions Club, Jaycees, Rugby and Squash clubs and other community service.

Our Rushton family have a long history of community involvement in the Ashburton district and I pledge to continue that tradition.

I now have the time available to give full justice for this role.

There are a number of issues impacting upon Mid Canterbury I am interested in exploring:

New sale yards for Mid Canterbury. Most other regions are re establishing their sale yards

Affordable water storage as an alternative to river takes which are coming under increasing pressure.

Philip Rushton

Mainwarings Road

RAKAIA

Stuart WILSON

My principal place of residence is not in the Eastern Ward area.

I have lived my entire life in the District, and have served on the Ashburton District Council for three terms, two as Chairman of the Service Delivery Committee; I want to continue to represent the

ratepayers of the District with the same commitment I have shown in the past.

When voting on issues before the Council, I will continue to speak and vote for what I believe will be the best interests of the whole District.

Seeking to improve the conditions of the District roads has been something I have worked constantly for, however much still needs to be done.

As a Council we have made significant investments in capital projects for the cultural and sporting aspects of the District.

However: The Council should always remember its priority is to provide the core services such as roading, clean drinking water, wastewater infrastructure, museum, library, planning and regulatory services.

Ashburton District Council Western Ward Electing 2 Councillors

Evan CHISNALL

My principal place of residence is not in the Western Ward area.

A businessperson that is a good communicator with governance experience.

I'm 51, married for 27 years with two adult sons

A fifth-generation local farmer, I went to Hinds school, Ashburton College then after 3 years overseas I attended Lincoln University before moving back to the Hinds farm Farming for 27 years, 13 years ago converted to dairying. Over this time we have grown our operation and now have farms in Hinds, Ruapuna and Mt Somers

For the last 3 years I have been a director on MHV Water and for the last year the chairman of the MHV Water Infrastructure, H&S committee. BCI shareholder

Coached JAB rugby for 4 years

The experience of running my own business, personally overseeing numerous dairy conversions, dealing with staff, contractors, finance and developing my skills in governance places me in a good position of having the skills needed for a councillor.

Rodger LETHAM

My principal place of residence is not in the Western Ward area.

I have lived in the Ashburton District all my life.

I farmed at Lauriston from school days until 1988 when economic and climatic circumstances forced a change of direction. During that time, I was

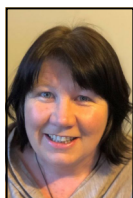

involved and held leadership positions on School committees, Young Farmers Clubs, Federated Farmers, Jaycees, Lions, Mt Hutt College Board of Governors and National Sheep Breeding Organisations.

Since 1988 I have been in business as a Rural Real Estate Agent and I feel the time is now right to return something to this community that has served me so well.

I believe I have an understanding of both Rural and Urban living and business and I am a firm believer that we are all in this same boat together.

I am married to Yvonne and we have three adult sons and three grandchildren.

Ashburton District Council Western Ward Electing 2 Councillors

Liz MCMILLAN

My principal place of residence is in the Western Ward area.

I would like to put forward my nomination for Western Ward Councillor for a second term.

A mum of two school aged children, with experience on the Methven Community Board and Council, I have the energy and knowledge to continue with a second term. I am approachable, and down to earth. I like to know the facts before I make decisions. Common sense is key. My key roles this term have been chair of Road Safety, chair of Safer Ashburton, Safe Communities group and a member of the Project Control group for the new civic centre and library building.

What's important to me next term? Ensuring the new build stays on track, roading and road safety, continuing the safe communities work, and maintaining a good working connection between Council, Reserve Boards and Hall committees. I am committed to making sure our district is moving forward in the best way possible.

Environment Canterbury Mid-Canterbury/Ōpakihi Constituency Electing 2 Members

Allen LIM

Independent

My principal place of residence is in the Mid-Canterbury/Ōpakihi Constituency area.

Protecting Our Water.

I am standing for ECan's mid-Canterbury/Ōpakihi constituency because I have the skills and determination needed to manage our natural

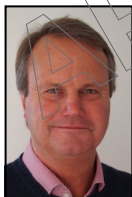

resources.

We want to be able to swim, fish and gather shellfish as our parents and grandparents did. We want water to drink and irrigation to support our economy.

I recognise there is a balance between urgent action on freshwater and sustaining a viable primary sector and in consultation with you, I'm committed to finding the right balance.

I am an entrepreneur and horticultural farmer. I have a Bachelor of Engineering (mechanical) and am a member of the Government advisory Freshwater Leaders Group and the Selwyn-Waihora Water Zone Committee. I sit on multiple industry boards and am engaged on a daily basis with the many issues with our water resources.

If you want to vote for someone who will take tangible action on water, vote for me.

Ian MACKENZIE

My principal place of residence is in the Mid-Canterbury/Ōpakihi Constituency area.

Ian graduated BAgSci and has a diversified, irrigated, family farming operation producing grain, seeds, meat and milk at Eiffelton.

He has considerable experience in governance

roles serving on the boards of various businesses, charitable trusts and community groups.

He served on the regional transport committee and has a long involvement with water and the environment. He has had various roles with Federated Farmers, at regional and national level, and was involved in developing the concept of good farm management practises.

He served on the Land and Water Forum, and National Objectives Frameworks Reference Group which populated the parameters for the National Policy Statement for Freshwater. He and his wife Diana are advocates for the environment having protected and developed wetlands at Akaunui which provide habitat for Canterbury mudfish and other native fish and bird species.

Ashburton needs a voice on the regional council that understands the rural and urban environments.

Environment Canterbury Mid-Canterbury/Ōpakihi Constituency Electing 2 Members

John SUNCKELL

My principal place of residence is in the Mid-Canterbury/Ōpakihi Constituency area.

It has been a privilege to represent Mid Canterbury - Ashburton and Selwyn Districts. Three years of learning and experience, and an Institute of Directors governance course, has

enabled me to bring considered and effective decision making to the ECan table.

Through the Canterbury Water Management Strategy portfolio, I've led the Selwyn River recharge programme, advocated for the review of Ashburton River consents allowing for adaptation and achieved the statutory acknowledgement of the Hinds Drains working group recommendations. I now Chair the Performance, Audit and Risk committee, deputy chair the Canterbury Group Civil Defence and also sit on the Air, and the Hazard & Risk portfolios.

The challenge of having exciting ideas and a wish list from the community is only equalled by the need for experience and knowledge of how local government operates to achieve those outcomes. I constantly advocate for each individual ratepayer and seek your continued support.

Sarah WALTERS

Striving for Better

My principal place of residence is in the Mid-Canterbury/Ōpakihi Constituency area.

From nine years previous local government experience with wide-ranging interests to a background that is both rural and urban, I bring diversity and a proven strong, independent and

unbiased desire to confront the challenges we are facing, along with the commitment, communication and drive to make a difference.

This is a critical time for regional governance in Canterbury with a declaration of climate emergency, return to full democracy and pressures on transport, biodiversity and water. Our environment supports and sustains us but has limits. We know our choices now will impact on how well we live now and in the future, but we need the right framework to turn our concerns into actions.

The need for change is clear but how we change is also important. Please support me so that I can act on these issues with practical solutions that help us strive for better.

Ashburton Licensing Trust

Electing 6 Trust Board Members

Kieran BREAKWELL

My principal place of residence is in the Ashburton Licensing Trust area.

Having served a three-year term on the Trust, I seek support for re-election to continue with the future management of this organisation. If re-elected I will work to ensure the Trust continues

on its new investment trajectory, and Trust assets continue as a long-term producer of funds for the community.

I recently sold my successful business, KB Panel & Paint, to focus on my other entities in the residential, commercial and agricultural sectors locally. My business management, decision making and leadership ability contribute to the balance of skills around the Trust table.

Raised and educated in Ashburton, and with the recent arrival of my daughter, I am enthusiastic about continuing to contribute to the community she will grow up in.

I am proud of our community and have the energy and drive required for this important position. It would be a privilege to be elected with your vote and support.

Kerry CLOUGH

My principal place of residence is in the Ashburton Licensing Trust area.

I moved to Ashburton 22 years ago with my wife, Carolyn, for what was going to be a temporary stay. We soon realised that the Ashburton district was a great place to live and raise a family.

As a family we have been involved with numerous sporting and cultural organisations that have benefited from the generosity of the Ashburton Licensing Trust and I would like to ensure that generosity continues into the future for the benefit of many more people in our community.

I have been involved in Finance and Banking for 31 years with the past 12 years as an Authorised Financial Advisor specialising in Investment Management and Planning.

With proposed changes that the ALT reconstitute as a Community Trust, I would be a Trustee with experience, knowledge and relevant industry qualifications to help manage, grow and protect the Trust assets for the benefit of our future generations.

Robert Anthony HARNETT

My principal place of residence is in the Ashburton Licensing Trust area.

Robert Harnett is a true local having been raised in Mid Canterbury, is well known to the community where he lives with his wife and three children.

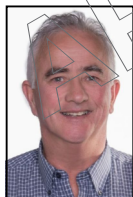

He is a Registered Valuer and Real Estate/Property manager. Roles at the District Council Property, Wrightson's and Farmlands were managing Real Estate and stock and station aspects.

The subdivisions of Coniston, Riverside Industrial and Nursery Drive and others were concluded. Recently the St Vincent De Paul rebuild, Racecourse developments and subdivisions in other parts of the South Island were/are managed.

This is the perfect background to the current first term on the ALT, where property matters on buildings post-earthquake are underway.

Previous committee roles in rugby and racing have been wrapped up which allows independence at board level.

It has been a privilege to be able to deliver faithfully maintained assets and cash to the community groups in our district.

Mark MALCOLM

My principal place of residence is in the Ashburton Licensing Trust area. I am also standing for the Eastern Ward.

I am 58 years of age and have business, and both residential and commercial property interests, in Ashburton and surrounding Districts. In the past I

have been a farmer and also involved with construction. I have owned and operated licensed premises, so I'm no stranger to the hospitality industry.

I am presently involved with property development and for the last three years I have represented you as a Councillor for the Ashburton District Council, for which I am seeking re-election. In that present role one of the many committees that I sit on is the Community Grants committee, which gives me insight into the financial needs of various clubs and organisations within the district. I have been involved with many community projects and am currently President of the Rakaia Lions. I believe I have the necessary skills to offer to the Trust for the future of the people of Ashburton.

Roger PATERSON

My principal place of residence is in the Ashburton Licensing Trust area.

I offer myself for a further term on the Trust. Having been a Member for several years, and seeing this Community Asset trade through some challenging times, and now changing to a

Community Trust has been a privilege.

With your support it would allow me to see the new policy and process completed for the long term advantages of Ashburton. As Chairman of the Lion Foundation which distributes funds from gaming machines, I see the assistance this gives the wider Community organisations.

I represent the Trust on the Event Centre Management Committee, and currently are their elected Chairman, I am also President of the Lions Club of Ashburton.

Having operated a successful business for 31 years, I offer my business skills, Governance and leadership and once again humbly seek your support in the long term future of the Trust and contribution to the future projects and events in Ashburton.

Chantelle QUINN

My principal place of residence is in the Ashburton Licensing Trust area.

Chantelle Quinn, an Ashburton businesswoman, who runs Twentyfour Catering, employing a part time local workforce of around 15.

Returned home to Ashburton 15 years ago, after living and working in New York and London.

Building a successful local run business has been a focus for Chantelle over the past decade, and she was not able to do so without the support and guidance of various mentors in the wider Ashburton community.

Chantelle is seeking election in order start giving back to the community that has always given to her.

Bringing new perspective, diversity and a generational point of difference to the table, a keen willingness to collaborate with and learn from those around her.

If elected she would draw on all of her experiences to ensure the best interests of the wider Ashburton community, and contribute to ensuring the ongoing sustainability of the company for future generations.

My principal place of residence is in the Ashburton Licensing Trust area.

Apart from an extended OE, I have lived in Mid Canterbury since 1996. I am 47 and married with twin 9 -year old boys. I am a lawyer, joining RMF Silva from 1st September and specialising in property, agribusiness, commercial and succession. I joined the Trust following a by-election in 2017 and have immensely enjoyed helping with the current transformation. We have invested a huge amount of time and are only mid-way through strategy implementation. I would like to see implementation through to ensure that the 100-year vision for the Trust becomes a reality. I am heavily involved in the community, having other roles with Advance Ashburton, Mid Canterbury Rural Support Trust and Waihi School. Outside of work and family, I am a keen outdoorsman. I want to ensure that our great community assets thrive for the next generation and beyond.

For a Seismic shift in the culture of Christchurch Health delivery. The only candidate who has contested and debated all the issues time and

time again.

A vote that will deliver beyond 'business as usual'. Consider; the city is about to assume responsibility for new drug policy around Cannabis, an environmental game-changer.

The writer's 47 years of examination of our drug laws has evolved into a comprehensive, long-term effort to bring about meaningful social dividend on many levels. Principal objectives of this are reductions in crime and public disorder; improvement of the public health; better protection of children; and wiser use of scarce public resources.

Resolving the tensions is core to your climate change outcomes. I understand the deeply concerning issues we are facing.

Are these worthy aspirations? Worthy of your voice on the Board? Vote STV! Vote Smarter!

I was previously Deputy Chair of the Canterbury District Health Board and Chair of the West Coast District Health Board. On completion of my terms I have continued as a co opted member of the

Canterbury Board Quality Finance Audit and Risk Committee. I am also a member of the University Of Canterbury Council. I was previously a partner in Deloitte, an international consulting services firm.

With my experience in and knowledge of the health system in New Zealand I consider that I am well placed to advocate strongly for the equitable funding and support of health in Canterbury and to ensure that our health infrastructure is strong, well financed and managed on a sustainable basis. With the limits on funding there is a need to encourage and ensure that health at all levels operate in partnership in order to meet the needs of our people.

Conflict of Interest Statement

I have the following current conflicts of interest with the Canterbury District Health Board CDHB:-

I am a member of the University of Canterbury Council which from time to time may have contractual interests with the CDHB.

I am a Trustee of the Health Care of the Elderly Education Trust which supports research in the area of older persons. Recipients of financial assistance may include employees of the CDHB.

There is no such thing as schizophrenia. In 1989 the American woman and her NZ team bugged a man's house. They bugged the radio, jug, urn, and fan heater and started to nag him if these were turned off. It was too difficult to pull apart a good working jug and urn. If the radio was turned to another station it would take 17 seconds exactly for them to retune to the new station, the fan heater was stripped down and found to have two overheating diodes, one of which talked in a high pitched voice. If he put his fingers around the diode it would stop talking. He would turn on his tape recorder when he went out, and the police, Sunnyside's Doctors would not listen to the tapes. Something must be done about the thrush and cladmida boom.

Until Canterbury's funding is fair and equitable with the rest of New Zealand I will continue to offer myself as a forthright strong community voice. Canterbury's dedicated and hardworking health professionals need representation that strives to deliver better transparency, clear communication, accountability and will challenge mediocrity. The next three years are critical to ensuring progress with the facilities rebuild, funding priorities align with community needs and expectations but also considers the staff's health and well being. Mental health, children, adolescents, rural access and Canterbury's diverse population will be key areas of focus. I want to continue working with an outstanding workforce who have been sorely tested in delivering a health system we can all be proud of despite a number of unprecedented events. There are still plenty of challenges, relationships and financial pressures that have to be addressed. I'm still listening and asking the hard questions.

I am an experienced nurse who genuinely cares about improving health outcomes for Cantabrians. My experience in both hospital nursing (Surgical, Medical, Emergency

Department, Paediatrics) and community nursing helps me understand how the decisions made in the boardroom affect the people who come to us for care. There are a number of critical areas the board needs to address, including access to mental health services, improving health equality for vulnerable populations (children, elderly, and those with high health needs), and improving staff safety. I am a firm believer in evidence-based decisions, which is why it is very important the board includes people who are currently working as health professionals. This allows for good, informed decision-making about where the board's limited funding can have the greatest impact and where it is needed most. I am married with two children, living in Halswell.

Independent - Community Focussed

My principal place of residence is in the Canterbury District Health Board area. I am also standing for the Halswell-Hornby-Riccarton Community Board (Halswell Ward), Christchurch City Council.

I am standing for the CDHB as I am passionate about speaking up for my community. I bring with me 6 years Community Board experience where I have gained a strong reputation for advocating for those who feel unheard. Hospital free parking is paramount, along with appropriate free medication for those with Cancer and other serious illnesses, improved Mental Health system, elimination of ACC surcharges to enable rehabilitation for all and more counselling services for those who have experienced sexual and other abuses. My skill sets I bring to the table are my extensive financial and tax background, Accounting and HR Management diplomas along with employment negotiations experience, I sit as Commissioner on RMA consents panels, chairing meetings, all which will assist with negotiations, funding, streamlining priorities and keeping our budgets on track. My goal is to ensure we have a high-quality health system, all while reducing waiting lists.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Canterbury District Health Board (CDHB) at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB, and I do not believe that any such conflicts of interest are likely to arise in future.

We have the 2nd largest DHB in the country geographically and population. Auckland is 4th yet has 11%(918) more paid staff than us. Our budget and staff do not reflect this, why? If the Misuse of Drugs Act Amendment Bill succeeds, offering a more Health based approach, will there be more funding? Will our health professionals get more security, staff and support? They deserve to be valued and safe. During more than two decades working with Pharmacies throughout the South Island, it was vital for them to make many changes. It is time to shift our thinking. Bring back the soul to Healthcare. I have a management and governance background, being a business owner I am a solutions focused person, driven to get results. I support equality, geographically and demographically, we need transparency. I have a fiducial responsibility to ensure that this happens.

Hello, I've been a Canterbury GP since 2001 and currently work for ACC as a Medical Advisor. I have two young sons and I'm committed to our community. I first developed an interest in health

governance after completing an MBA degree in 2006 and have undertaken further formal training. I've previously been on the board of the Royal New Zealand College of General Practitioners and I am currently a member of the CDHB Hospital Advisory Committee. I have a strong commitment to ensuring quality governance across the health sector. The main challenge facing the CDHB is how to best meet the increasing demands on our hospital and community health services within current funding constraints. I'm running as an independent candidate because I believe it's important to have medical practitioners represented on DHB boards and I'm passionate about providing high quality, sustainable health services with a focus on equitable outcomes.

Conflict of Interest Statement

I have the following current conflicts of interest with the Canterbury District Health Board (CDHB):-

I am a Medical Advisor for the Accident Compensation Corporation (ACC).

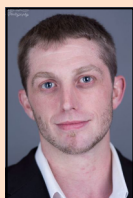

I am a Fellow of the Royal New Zealand College of General Practitioners.

I am a founding member of OraTaiao: New Zealand Climate & Health Council, which is an incorporated society of health professionals concerned with the impacts of climate change on health.

To the best of my knowledge and belief, I have no other conflicts of interest with the CDHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB. I do not believe that any conflicts of interest are likely to arise in future, other than the continuation of the conflicts of interest stated above.

Mental health is the biggest issue facing us in Canterbury, and I have perspectives and experiences in the area which will assist the DHB to make the best decisions to address these issues.

I have been both a sufferer from mental illness, an advocate for interventions, and assisted others in their own struggles.

Suicide is the biggest killer of young New Zealanders and afflicts many others. One more is one too many.

We need to bring the number of people ending their own lives down and help all cantabrians be well in mind as well as body.

The DHB has a role to play not only at the acute and critical stage, but also in ensuring we lead healthy, connected and active lives.

As a registered nurse working in the Canterbury District Health Board, within the area of mental health, I am acutely aware of the issues most important to the delivery of health services and improving the care we provide. I am also uniquely prepared to serve the people of Canterbury; having previously served as the vice-chairperson of a Christchurch school board I am well experienced in the area of governance. I firmly believe that as a nurse I will be able to expertly advocate for the needs of our community if I were to be elected to the health board. As your representative on the District Health Board my key focuses will be: ensuring our health care services are patient and community focused, promoting staff wellbeing and safety, and developing sustainable practices.

Conflict of Interest Statement

I have the following current conflict of interest with the Canterbury District Health Board (CDHB):-

I am currently employed by the CDHB.

To the best of my knowledge and belief, I have no other conflicts of interest with the CDHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB.

I do not believe that any conflicts of interest are likely to arise in the future, other than the confirmation of the conflict of interest stated above.

I have served on the Quality, Finance, Audit and Risk Committee of the Canterbury DHB for the last three years, and previously was appointed by the Minister of Health as the Board's Deputy

Chair. I have over 35 years of accounting, auditing, IT and business consulting experience and was once NZ Chartered Accountant of the Year. I bring significant financial and risk governance skills to the Board, which are vital since it has many challenges, to continue improving our clinical services and delivering more healthcare while living within serious funding constraints.

I have advocated strongly in Wellington for better funding for Canterbury Health, since the current allocation system is inadequate for our population. If I am elected I will work hard to get a fair increase in our share of the national health budget, and to get the best possible health outcomes for all Cantabrians.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Canterbury District Health Board (CDHB) at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB.

I do not believe that any such conflicts of interest are likely to arise in future, except that

I am a director of CDHB subsidiary Brackenridge Services Limited, I am a Director of the NZ Health Innovation Hub Limited, I am a member of the Council of the University of Canterbury.

Stress is increased by the widening gap between wage and benefit increases and the rising costs of rates, power, insurance, rent, food and fuel. Financial stress is not good for our health and well-being. Neither are the cold, damp and mould inducing condition of our houses which tends to severely knock people's energy levels. This shows the need for a more integrated holistic approach to financial and physical health and wellbeing.

Government subsidies on medications appears like addressing the symptoms but not the disease.

Elevate natural health to a complementary equal footing with the current approach that has only very limited options. Food, water and health security issues need a much stronger voice.
