

Do you wish to speak in support of your submission?:

No

Do you support the disposal of Grove Street Park? :

No, I oppose the disposal of Grove Street Park

Let us know why:

1. This is a quiet corner of Tinwald and if this access way goes ahead there will be a big increase in traffic. 2. With the increase in traffic it's no longer as safe for the children in the area. Through traffic also creates more noise to an area that is relatively quiet. 3. The developer is obviously hoping to get the go ahead by the look of the plans. I would prefer they used the Grahams Rd access.

Do you have any further comments?:

If the second bridge comes across the river from Chalmers Ave where will it go from there? I know council bought Bell's property on Carters Tce for access purposes. The reason I ask is because if it does join Grove Street in the future I guess our quiet corner of Tinwald will no longer be defensible.

I understand that all submissions are public documents and will be made available on Council's website with the names of submitters included:
