<b>Draft Waste Management &amp; Minimisation Plan</b>	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	I think this could be a good idea in town but for us in the country that now have kerbside collection I don't support it. We have chickens, pigs as well compost and I believe a lot of the rural people already dispose of their own food waste in similar ways.
