<b>Draft Waste Management &amp; Minimisation Plan</b>	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	The costs this council imposes on ratepayers is already to high and this just adds to the costs. Your guesstimates of the amount of food going into rubbish is way too high. This is just another hair-brained scheme by green, woke employees adding to their little empires. Absolutely against this plan!
Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:	No

Do you agree with the proposed actions in the draft Plan? If so, which actions do you agree or disagree with?:	No

Do you have any other comments?:	Instead of wasting untold ratepayers dollars on this stuff start fixing roads etc!
