

# ASHBURTON DISTRICT COUNCIL ROAD NETWORK MAINTENANCE AND OPERATIONS NEWSLETTER

ROAD0144 | Issue 16 | May 2022

**working for you**  
*manaaki whenua, manaaki tangata*

## Executive Summary

Tena Koutou Katoa,

Safety was a big focus for us in May as we took part in VINCI Construction Safety Week. Daily interactions with our teams promoted focus on topics such as Wellbeing, Safety First, Leading Safely, Learning from Events and Managing Risk with our aim to deliver Best Practice Health and Safety and do that in the context of the HEB values.

In early May we held a Winter Workshop with our Trading Partners to ensure we are ready for the icy weather predicted. Our teams ensured that all signage was in place to warn road users of possible ice gritting sites.

All sealed road repairs were completed by end of May and our team shifted their focus to tidying up smaller recurring failures prior to winter

We started work on the Unsealed Roads Rehab Program and established an additional team to increase delivery, unfortunately one of the delivery teams contracted covid and we were set back by more than a week.

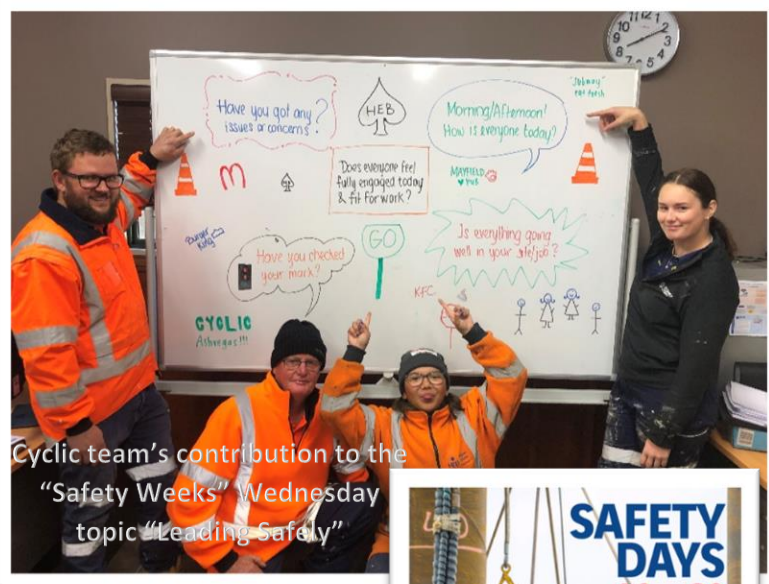

Our Trading Partners continue to have a strong presence on the network, with autumn leaf fall, sump cleaning and lichen spraying still the focus during May.

James Faber  
Contract Manager – Road Maintenance.

## Highlight for the Month

Summary below of what we achieved in May:

- 451 potholes
- 101 m edgebreak
- 4,430 m2 Stab & Digout
- 649 km of routine grading
- 26 km of high shoulder removed
- 5,8 km of unsealed road rehabs

Cyclic team's contribution to the "Safety Weeks" Wednesday topic "Leading Safely"

# Upcoming Planned Works – June 22

## Overview

Our heavy maintenance crews will continue with the rehabilitation of unsealed roads throughout June. Dip Road, Ashburton River Road and Westerfield School Road programmed for completion.

Reoccurring failure work on sealed roads, drainage improvements, renewals and new installs will be the focus for our minor work teams.

Footpath renewal works will also commence with our Trading Partner establishing early June to complete work on Davidson Street

Truck spreading clay stabilised metal for base construction on Tanks Road

## Summary of planned works

Unsealed Road Rehabilitation – Tanks Road, Dip Road, Ashburton River Road and Westerfield School Road,

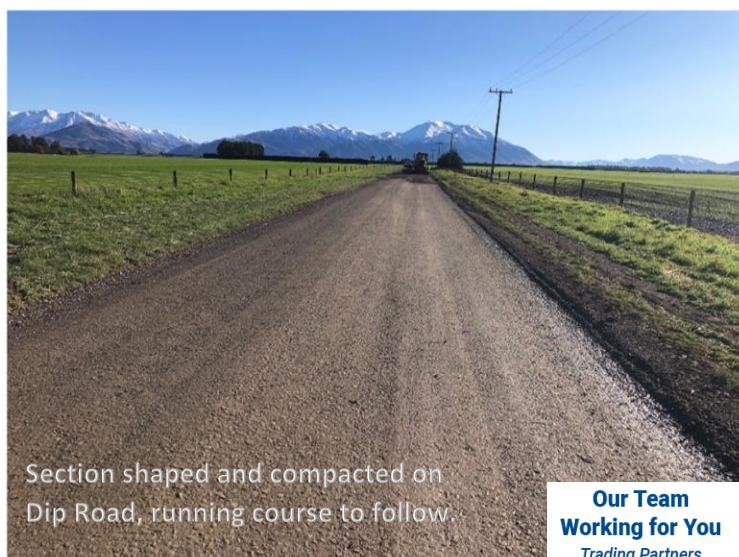

Unsealed Road Maintenance & Flooding Repairs – Upper Downs Road

Footpath Repairs & Renewals – Bowen Street East, Walnut Avenue North and Davidson Street

Soakpit installation – Barford Road, Dip Road, Hackthorne Road, Hoods Road, River Road, Rushford Road and Tait's Road

Culvert Replacement – Montalto Road and Walkhams Road

Line Marking – All intersections & Townships

Section shaped and compacted on Dip Road, running course to follow
