
Page 1: Have your say - draft Revenue and Financing Policy - Methven-Springfield Water

Q1

Do you agree with adding Methven-Springfield to the District Water Group?

Yes, I agree,

Other (please specify):

I can't believe it's taken the council 20 years to do something about the Methven Springfield water supply. Thanks to the councils neglect my mother Pat May died in 2002 of cryptosporidium from this supply. Also affected down the road Carl Markam was also admitted to hospital with crypto and took months to recover. Two others including a baby all on the same water supply contacted crypto at the same time. Once the council was informed an early morning dash to 'clean up' the supply was made. Dad was to upset for us to take action against the council. I think it's disgusting that my Dad, brother and all on the Methven Springfield supply are still having to boil their water. I live in fear that Dad will catch it too. What are you waiting for, another death!!! Mandy Hurst
