Draft Trading in Public Places Bylaw

Do you agree that this bylaw Yes
should be renamed to “Trading
in Public Places Bylaw”?:

Additional Comments: These are the people who bring a town centre to life. They provide
services and amenities that will bring people into the area, with a
flow-on effect in that they will also shop in other stores. There need
to be places where they can set up and the regulations concerning
this business need to be simple. If the bylaws involving food trucks/
coffee carts are grouped together all in one place. Not all over.

Do you agree with any of the Yes
proposed changes to permitted
or discretionary sites? If so,
which sites do you agree or
disagree with?:
