Annual Report on Alcohol Activities

## 6.# District Licensing Committee Annual Report: 1 July 2016 to 30 June 2017

### 6.#.1 Summary

The Sale and Supply of Alcohol Act 2012 (the Act) requires each Territorial Authority to submit its annual report on the proceedings and operations of its District Licensing Committee (DLC) to the Alcohol Regulatory and Licensing Authority (ARLA) for the period 1 July 2016 to 30 June 2017.

The Act further requires that reports are submitted within 3 months of the end of every financial year.

### 6.#.2 Recommendation

1. **That** the report be received.
2. **That** the report be posted on the Ashburton District Council website.
3. **That** the report be sent to the Secretary for the Alcohol Regulatory and Licensing Authority within 1 month of adoption.

### 6.#.3 Background

Section 199 of the Act requires every territorial authority to prepare and send to the licensing authority a report of the proceedings and operations of its licensing committee in the set format below.

A copy of the report must be made available by the territorial authority for inspection free of charge for a period of not less than 5 years.

Regulation 19 of the Sale and Supply of Alcohol (Fees) Regulations 2013 also requires Territorial Authorities to prepare a report detailing income from fees and licensing costs under the Act. This includes costs relating to DLC functioning, licensing inspectors and enforcement activities relating to the year commencing 1 July 2016. While this additional information is not required to be in the report to ARLA, it must be made publicly available and is therefore included in the overall report.

### 6.#.4 Options and Risks Considered

None.

### 6.#.5 Statutory Implications

The Sale and Supply of Alcohol Act 2012 requires the Council to publish an annual report on its DLC activities in the prescribed format.

## 6.#.6 Consultation

None required.

## 6.#.7 Significance and Engagement

The recommendations contained in this report are not significant.

## 6.#.8 Financial

None.

### **Conferences and Training**

Commissioners and members of the combined Ashburton/Selwyn DLC attended training via a Webinar during the reporting period.

### **DLC Meetings and Hearings**

Generally, a DLC Commissioner meets with the Secretary on a regular basis to consider any unopposed decisions.

During the reporting period the DLC convened on 14 Temporary Authority Hearings and 2 publicly held Hearings.

### **Publication of DLC decisions**

All decisions made by the DLC are published on the Council's website at:  
<http://ashburtondc.govt.nz>.

### **Any noticeable trends or issues faced by the DLC**

No noticeable issues have been noted and the DLC again looks forward to participating in further ongoing training and support about the Act, its Regulations and other relevant law. The DLC would also welcome formal opportunities for networking and information sharing to improve consistency of approach nationwide.

### **6.#.10 DLC Initiatives:**

No new initiatives were adopted or trialled during the reporting period.

### **6.#.11-Local Alcohol Policy**

In accordance with Part 2 subpart 2 of the Act, Ashburton District Council has developed a Local Alcohol Policy (LAP) which was adopted on 5 April 2017 with an effective date of 28 August 2017.

### **6.#.12 Current legislation**

The DLC and the Ashburton District Council would welcome further coordinated guidance on best practice in the operation of the Act and its Regulations.

### **6.#.13 Other matters**

The following additional points are submitted for consideration:

- There are different practices between TAs regarding the timeframes for disclosure prior to hearings. To achieve nation-wide consistency it is suggested that ARLA produce a Practice Note which gives clear guidance on timings for disclosure.
- It is requested that ARLA reinstates the synopsis of monthly decisions. These were very useful and the cessation of this service has left a void.
- The DLC again questions the need for a full panel to consider applications for Temporary Authorities.
- It is also again raised that requiring paper copies of applications is time consuming and expensive and does not meet the government's stated objective of e-government. A move to electronic reporting is needed.
- Monthly reporting to ARLA is also time consuming and the accuracy of monthly financial returns is again also questionable. Consideration should be given to annual reporting.

### **6.#.14 Statistics**

Statistical information for the reporting period is attached.
