Policy Objective

Ashburton District Council believes the children and young people of our district have a right to be able to enjoy playground and sport field facilities provided by Council in a smoke-free environment.

Policy Statement

This policy is not a ban on smoking in a public place. No enforcement measures will be used against those who breach the policy. The purpose of the policy is to fulfil Council's commitment to promote positive health choices and outcomes.

The community will be advised through appropriate signage and ongoing communication, as deemed necessary by Council.

Council declares other areas under its control to be smoke-free via the Elderly Persons Housing Policy 2017 and the Use of Footpath for Alfresco Dining Policy 2017.

For the avoidance of doubt, and for the purposes of this Policy and other Policies regulating smoke-free areas, smoking includes the use of e-cigarettes and smoke-free means free from the smoking of tobacco and e-cigarettes.
