If yes, do you wish to support your submission in person or virtually?:

Draft Trading in Public Places Bylaw

Do you agree that this bylaw should be renamed to “Trading in Public Places Bylaw”?: Yes

Additional Comments: 'Hawkers' is a dated term with negative connotations.

Do you agree with any of the proposed changes to permitted or discretionary sites? If so, which sites do you agree or disagree with?: No

Additional Comments: I think that the Domain Layby area should be kept as a showcase/viewing sight for the park; ie for cars to pull in temporarily. Stalls here are an eye-sore and take away from the park frontage. Put the coffee van in the inner-carpark area.

Do you have any other comments?: The 'Farmers' Market and Craft should be relocated to the sunny end of the carpark in winter. At the moment they in the cold shade; not pleasant at all. The south end is open and in full sun.
