Do you wish to speak in support of your submission at the hearing?: Yes

If yes, do you wish to support your submission in person or virtually?:

Draft Waste Management & Minimisation Plan

We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:

Why?: Possibly but I need more information before committing.

Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:

Why?: Possibly

Do you agree with the proposed actions in the draft Plan? If so, which actions do you agree or disagree with?:

Why?: please see queries/comments below

Do you have any other comments?: Yes 1. Will this waste management plan be optional or compulsory for households? I know a lot of households use their own composters. 2. The charge of \$1 per week - for a bucket?? This charge be added to our rates account? 3. Will the waste be collected weekly? 3. What will happen to the food scraps once collected? ie how will they be recycled/dealt with and what is the process for treating this waste? 4. Please explain to me why using my food insinkerator once a day is so bad for the environment?
