<b>Draft Waste Management &amp; Minimisation Plan</b>	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	Yes
Why?:	This would save a massive amount of food and garden waste going into landfill. We are lucky to have chickens that we feed our waste to but so many don't. It might also reduce the amount of garden waste we see on the side of the road and down the river because some people don't want to pay to dump stuff that would decompose. Christchurch and Timaru have had green bins for years why haven't we yet.
