Draft Waste Management & Minimisation Plan	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	Its a pure waste of \$\$\$, we wouldn't use it as our chickens have our waste. You say it's \$50 but everything is going up all the time and sure there are other things that could be fixed instead of bring something new to the party.
