

ASHBURTON DISTRICT COUNCIL ROAD NETWORK MAINTENANCE AND OPERATIONS NEWSLETTER

ROAD0144 | Issue 17 | June 2022

working for you
manaaki whenua, manaaki tangata

Executive Summary

Tena Koutou Katoa,

June 2022 proved to be a very busy and productive month. Our delivery team worked very hard to complete all of the 'end of financial year' commitments for ADC in a timely and accurate fashion.

Favourable weather saw our teams make good progress on the unsealed road rehabs program while achieving a high-quality outcome.

Additional teams from our Civil department worked with our environmental team to complete challenging culvert installations on Upper Downs and Walkhams Road, and also tidied up the last of the flood damaged sites.

HEB minor works crews have been busy around the network during June focusing their attention on drainage works and CRMs, while our cyclic teams focussed on signage and potholes.

Also worth noting is that HEB Maintenance Supervisor, Kenny Dawson, commenced studying for his Project Management Diploma as part of his professional development. Kenny has also been identified as one of our emergent Māori Leaders and has entered our Māori leadership programme. The programme connects people to their values and culture while at the same time giving them the tools to incorporate their culture, insights and values into their leadership journeys.

James Faber
Contract Manager – Road Maintenance.

Highlight for the Month

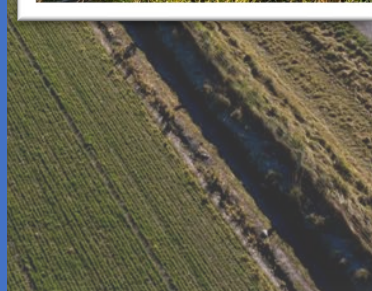

.....

Summary below of key achievements during June:

- 451 potholes
- 101 m edgebreak
- 4,430 m² Stab & Digout
- 649 km of routine grading
- 26 km of high shoulder removed
- 5,8 km of unsealed road rehabs

Replacement of temporary culverts installed during flooding event on Walkhams Road to improve fish passage

Upcoming Planned Works – July 22

Overview

July programmed work as follow:

Our heavy maintenance crew will continue with the programmed rehabilitations of unsealed roads and will do metalling as required.

We have programmed drainage maintenance/renewal works for our moderate maintenance crew and they will focus on scallops/cut outs on unsealed roads during July

Our minor works team will focus on CRM's, kerb and channel, sumps and minor drainage work.

Our cyclic teams will continue maintenance on signs, pothole and edge break repairs and bridge maintenance.

SH1/Withells Road intersection and
Railway crossing upgrade
