Yes

Do you agree with the proposed change to extend the footpath trading hours from 12am(midnight) till 1am?

Q2

Please explain why:

There are strict policies and procedures in place at all drinking establishments managing intoxication, abuse and the like. Better in a controlled environment than at a street party or private function. This will also align with the current alcohol policy many establishments must adhere to anyway, I cannot understand why they have conflicting times.

Q3

Yes

Do you agree with the proposed change of making the one-way door policy applicable to the whole district?

Q4

Please explain why:

This helps establishments manage late night trade.

Any other comments:

The LDC and the licence officer need to have a more consultive or third party intervention into the application process. There is too much personal discretion from licence officer. It should be there to help businesses, who in the end take all the risk and must adhere to the strict policies and procedures already enforced on them by the sales of alcohol policies.
