

Submitter: Len Doel

Hi There,

I would like to have clarification on dog fouling in Ashburton. Please make the wording is clear that dog litter is not dumped into inappropriate containers such as letter boxes. Dog owners do get creative!

Please clarify "dog control". The dog should be under human control on a short leash, not self-control, dropping body waste on public playing fields such as the domain.

How do ratepayers report unhygienic and poor dog control to the authorities?

Also please add the Ashburton District Council Wakanui Beach Reserve to the list of areas that are off limits to dogs, especially during the bird breeding season.

Yours sincerely,

Len Doel
