SAFE COMMUNITIES ASHBURTON DISTRICT VISION:

"Ashburton District, our place, a safe place to live, work and play, free from preventable injury and violence"

Who doesn't want to live in a safe community?

- In a safe community homes, roads, public spaces and the workplace are safe, for everyone to enjoy
- Community safety is important to the people of Ashburton District satisfaction with Council's role in helping keep the community safe has been consistently high since 2017
- A safe community encourages people and families to move to the District and stay, and contributes to attracting and retaining workers to fill gaps in the Ashburton District labour market

Ashburton District is already "safe", but it can be safer:

• District data tells us that falls in older people, leading to both fatal and non-fatal injury, family harm, road crashes, and theft and burglary are of particular concern for Ashburton District

The Safe Communities Model is proven and it works to reduce injury rates

- In Ashburton District 27 agencies have committed to work together to find solutions for local community safety concerns
- Collaboration generates a collective "weight" to identifying and responding to pressing community concerns
 - "alone we can do so little, together we can do so much"
- The Safe Communities model commenced in New Zealand in 2004 and is currently operational in 20 territorial authorities across New Zealand.
- While the Safe Communities Foundation of New Zealand ceased to exist as of December, 2021 due to funding Issues, work Is underway to create a new national body to continue and expand its work
- Communities which have adopted the model report reduced injury rates in road safety, falls, safer public places, reduced alcohol-related harm and overall violence prevention over time, as they work collaboratively to create solutions.

- Robust evaluation requirements mean that the Safe Communities model can demonstrate the value and impact of initiatives
- The success of the model has been proven to depend upon the employment of a skilled co-ordinator

Safe Communities Ashburton District Contributes to Council's Vision "The District of Choice for Lifestyle and Opportunity", to Community Well-being and to social/welfare recovery in COVID-19 times

- There is a natural fit between the Safe Communities model and Council's Community Outcomes, which outline how Ashburton District Council seeks to make a difference to residents' lives (see pages 9-12)
- The Safe Communities model contributes to the social, economic, environmental, and cultural well-being of Ashburton District, working towards a safe, vibrant community; economic prosperity as people want to live, work and play in a "safe" Ashburton District; the design of safe environments for people to live, work and recreate in and a community welcoming of cultural diversity.
- The implementation of the 2022-2023 Business Plan formalises the Council's commitment to working with Safer Mid Canterbury to create the safest possible environments for those who live, work and play in Ashburton District.

2022-2023 BUSINESS PLAN

- Council funding enables the employment of a part-time Safe Communities Co-ordinator, to work with a number of agency collaborations to develop key legacy projects for the District.
- Key achievements over 2021-2022 (which will continue and be included in the 2022-2023 Business Plan) included:
 - The development of the Mid Canterbury Connector community transport service, to bring people living in the more rural/remote areas of the District Research into Ashburton Township for medical appointments, seeing friends and family, accessing government departments and social services, doing business with Council, etc. The service moved to an on demand model as from October, 2021, operating 5 days a week, Monday to Friday. The Mid Canterbury Community Vehicle Trust was established and held Its first AGM on 23 November, 2021. Numbers using the service continue to be affected by Covid-19

- In response to a decrease in numbers attending classes after the 2021 lockdown, the Falls Prevention Network published a feature page in the Ashburton Courier in November, 2021, promoting strength and balance classes around the District and a "success story" of an older lady regaining her mobility via exercise classes at the EA Networks Centre
- The Caring for Communities welfare recovery group ceased operating with a welfare focus in November, 2021 and in 2022-2023 will look at the need (or not) to transition into a wellbeing focused group, looking at community wellbeing Issues such as the lack of social/emergency housing
- A campaign on motorcycle safety was undertaken in both local newspapers in October, 2021, as part of the national Motor Cycle Awareness Month. This was a partnership between ACC, Ashburton District Council and Safe Communities
- A new local campaign on raising community awareness around home and vehicle theft and theft of tradies' tools was undertaken in November/December, 2021. This was a partnership between Mid Canterbury Neighbourhood Support, Police and Safe Communities
- Parenting needs and possible needs/gaps in services were researched in December, 2021 by a collaboration of Ashburton Community Alcohol and Drug Service (ACADS), Waitaha Health, Plunket, SEEDS (Safer Mid Canterbury), Community and Public Health, Hakatere Marae and Safe Communities
- No Safety Village was able to take place, as the A and P Show moved to a non-spectator Show due to Covid-19 restrictions

New Initiatives for 2022-2023 Include (see detailed Business Plan, Appendix 2):

- Promotion of national water safety Initiatives focusing on reducing the incidence of drowning, in partnership with Water Safety New Zealand, Council and other agencies with an interest in water safety
- A possible collaboration on workplace wellbeing, particularly in the face of workforce shortages and stress on existing workforces due to the Impacts of Covid-19 (Council, Lives Worth Living Programme, Citizens Advice Bureau, Safe Communities)
- Actioning any safety Initiatives as a result of the District Parenting Needs research
- A ski safety programme for schools, In partnership with Mt Hutt and Selwyn District ski fields and ACC
- A campaign on scams and how to avoid them (Mid Canterbury Neighbourhood Support, Citizens Advice Bureau, Police, Safe Communities)

- A campaign targeting 20-29 year olds, driving standards and alcohol-related crashes (Road Safety Co-ordinating Committee, ACADS, Fire and Emergency NZ, Safe Communities)
- Working with the Council to explore the development of an off-road cycle track, where children can learn to ride bikes/scooters and learn road rules (mini stop signs, pedestrian crossings, etc), a partnership between Council, ACC and Safe Communities)

INVESTMENT

ACC is a partnership funder for the Safe Communities project, providing \$15,000 per annum for a five-year contractual period. The 2022-2023 financial year will be the fourth year of ACC contribution towards the project.

We are therefore seeking \$36,082 from the Ashburton District Council to achieve the 2022-2023 Safe Communities Ashburton District Business Plan.

What are Safe Communities?

A safe community is a place that is attractive to live in, work in and visit. A safe community is a liveable community, where people can go about their daily activities in an environment without fear, risk of harm or injury. Homes, roads, public spaces and the workplace are safe for everyone to enjoy.

Community safety is not only about reducing and preventing injury and violence. It is about building strong, cohesive and vibrant communities, where people take pride in their community and are aware of community safety and how to look after themselves and others.

The majority of community-based injuries and accidents are preventable and predictable (for example, falls in the home).

The Safe Communities Model

The Safe Communities model, based on international safety standards, is recommended as an effective approach to community safety by the World Health Organisation (WHO).

Unfortunately the Safe Communities Foundation of New Zealand ceased operating as of December, 2021 due to funding Issues. However the value of the work undertaken by the Foundation has been recognised and work Is underway to develop a replacement body, which will Incorporate and grow the value of having a national safety-focussed agency.

The Safe Communities model is based on collaboration, bringing together a wide range of agencies involved in all aspects of community safety to generate a "collective weight" to identifying and responding to pressing local community issues and solutions.

Currently there are 20 accredited Safe Communities in New Zealand. Just over 70% of New Zealanders live in an accredited Safe Community.

Safe Communities Ashburton District was accredited as a Safe Community in May, 2019 and brings together a unique collaboration, with 27 agencies involved in a wide range of community safety activities, some of whom have not collaborated together before, meeting monthly to discuss community safety issues in an open and positive environment. For example, first response agencies like St John and Fire and Emergency NZ, are sitting alongside social service agencies such as Presbyterian Support and learning about their services, many of which are relevant to the people these first responders are dealing with when they visit their homes.

The model is "bottom up" driven, seeking and responding to local community safety issues as they arise. It creates an infrastructure in local

communities to increase action by building local partnerships and collaborative relationships. The collaboration builds critical mass and credibility and has increased impact and reach – one message across many voices leads to continuity of messages and interventions and reduced duplication.

In other areas around New Zealand where the Safe Communities model has been operating for a number of years, collaborative groups report that working together has created a platform for high-level strategic governance that is a driver to create on-the-ground action and deliver programmes. These groups are powerful advocates for community safety in their local communities.

Safe Communities have robust evaluation requirements, meaning that they can demonstrate the value and impact of initiatives, potentially improving opportunities for funding from central government, charities and other external funders.

Ashburton District is "safe", but it could be "safer"

- 2016 17 fatal injuries 5/17 were due to a fall; 5 (29.4%) were aged 60 years or older, down from 9(52.9%) the previous year; above national rates
- 2018 394 hospital discharges due to injury, up from 384 the previous year; 46% due to a fall; 47/394 were people aged 65 to 74 years and 102/394 were people aged 75 years plus
- 2021- 2 fatal and 4 serious road crashes, down from 19 in 2020; alcohol is the top cause of death and seriously injured crashes and drivers 20-29 the dominant age group (39%) contributing to alcohol-related crashes.
- Year to March, 2020 -97 victimisations for assault by a family member, up from 44 in 2019
- Year ended 31 March, 2020–776 crime victimisations, down from 956 the previous year; 85% of reported crimes were theft and related offences, compared to 90% the previous year
- Unintentional injury to children 2019- ACC received 2,153 injury claims for children under 15 years; the most common sports injury for children 5-14 years is skiing/snowboarding (127 injuries in 2019)
- Family harm is an ongoing issue in our District
- Workplace wellbeing in the face of Covid-19 and workforce shortages are of concern

Ashburton District residents want a safe community

- 88% of 2021 respondents (89% in 2020) were satisfied with Council's role in helping keep the community safe through the provision of CCTV, street lighting, tree-trimming, liquor licensing, building inspection, food safety, road safety initiatives and an annual grant to Safer Mid Canterbury (2020/21 Annual Residents Survey).
- Satisfaction with Council's role in helping keep the community safe has been consistently high since 2017

Why should Council continue to be involved?

Council funding enables the employment of a part-time Safe Communities Co-ordinator, to work with a number of agency collaborations to develop key legacy projects for the District. Key achievements over 2021-2022 (which will be continued and included in the 2022-2023 Business Plan) included:

- The development of the Mid Canterbury Connector community transport service, to bring people living in the more rural/remote areas of the District Research into Ashburton Township for medical appointments, seeing friends and family, accessing government departments and social services, doing business with Council, etc. The service moved to an on demand model as from October, 2021, operating 5 days a week, Monday to Friday. The Mid Canterbury Community Vehicle Trust was established and held Its first AGM on 23 November, 2021. Passenger numbers continue to be impacted by Covid-19
- Following a decrease in numbers attending strength and balance classes after the 2021 lockdown, the Falls Prevention Network undertook a newspaper promotion on strength and balance classes and featured a "success story" of an older lady regaining mobility at exercise classes at the EA Networks Centre
- The Caring for Communities welfare recovery group ceased operating with a welfare focus in November, 2021 and in 2022-2023 will look at the need (or not) to transition Into a wellbeing-focussed group, looking at community Issues such as the lack of social/emergency housing
- A campaign on motor cycle safety was undertaken in both local newspapers in October, 2021, as part of the national Motor Cycle Awareness Month
- A new local campaign on raising community awareness around home and vehicle theft and theft of tradies' tools was undertaken in November/December, 2021
- Parenting needs and possible gaps in services were researched in December, 2021

• No Safety Village was able to take place, as the A and P Show moved to a non-spectator Show due to Covid-19 restrictions

New Initiatives for 2022-2023 include (see detailed Business Plan, Appendix 2):

- Promotion of national water safety Initiatives to reduce the Incidence of drowning, in partnership with Water Safety New Zealand, Council and other water safety agencies, Safe Communities)
- A possible collaboration on workplace wellbeing, particularly in the face of workforce shortages due to the Impacts of Covid-19 (Council, Lives Worth Living Programme, Citizens Advice Bureau, Safe Communities))
- Actioning any safety Initiatives as a result of the District Parenting Needs research
- A ski safety programme for schools, In partnership with Mt Hutt and Selwyn District skifields and ACC
- A campaign on scams and how to avoid them (Mid Canterbury Neighbourhood Support, Police, CAB, Safe Communities)
- A campaign targetting 20-29 year olds, driving standards and alcohol-related crashes (Road Safety Co-ordinating Committee, ACADS, Fire and Emergency NZ, Safe Communities)
- Working with the Council and ACC to explore the development of an off-road cycle track, where children can learn to ride bikes/scooters and learn road rules (mini stop signs, pedestrian crossings, etc)

The Safe Communities Steering Group of 27 agencies meets bi-monthly and is chaired by an Ashburton District Council representative, Deputy Mayor and Councillor Liz McMillan. Agencies are now seeing the benefits of working together, with the establishment of a number of Working Groups to develop the projects listed above. These projects will make a significant difference to residents' safety and become ongoing, independent "legacy" projects for the District, some with their own legal and operational structures.

There is a natural fit between the Safe Communities model and the Council's Community Outcomes and community well-beings, which outline how Ashburton District Council seeks to make a difference to residents' lives well beyond simply providing "core services". The Safe Communities Ashburton District project contributes to all four well-beings (social, economic, environmental and cultural) by working towards a safe, vibrant community; economic prosperity as people want to live, work and play in a "safe" Ashburton District; the design of safe environments for people to live, work and recreate in and a community welcoming of cultural diversity.

Funding the implementation of the 2022-2023 Business Plan formalises Ashburton District Council's commitment to working with Safer Mid Canterbury and ACC to create the safest possible environments for those who live in, work in or visit Ashburton District.

ASHBURTON DISTRICT COUNCIL VISION: THE DISTRICT OF CHOICE FOR LIFESTYLE AND OPPORTUNITY

COMMUNITY OUTCOME	SAFE COMMUNITIES CONTRIBUTION
Residents are included and have a voice	The Safe Communities model seeks "bottom up" feedback from the community on safety issues and concerns, using a number of methods, and shares this with key partners so that collaborative solutions can be found.
A district of great spaces and places	A Safe Community creates attractive, vibrant environments. Accreditation is a tangible demonstration that Ashburton District is a safe, desirable place to live, visit and do business.
A prosperous economy based on innovation and opportunity	People and families want to live in a Safe Community. Safe Communities contribute to a stable workforce, allowing the District's economy to thrive.

2022-2023 BUSINESS PLAN

Following a rigorous analysis of injury and crime data, national, regional and local strategies and policies, community feedback and feedback from community safety agencies, a Five Year Safe Communities Ashburton District Strategic Plan (2019-2024) was developed. The 2022-2023 Business Plan will be the fourth year of the implementation of the Strategic Plan and will allow projects commenced in the 2021-20212 Business Plan to continue and the development of new projects to meet identified community safety issues and concerns. Safe Communities Ashburton District will take the leadership role for a number of projects, while others will be led by other agencies which are part of the Safe Communities Ashburton District collaboration or by other networks such as the Road Safety Co-ordinating Committee.

Delivering the Business Plan

All accredited Safe Communities have a paid co-ordinator, most contracted/employed on a part-time basis. The role is fundamental to the success of Safe Communities, transcending organisational boundaries and actively promoting partnerships and collaboration. Key elements in the role include: strategic planning, relationship management, interagency networking and collaboration, data analysis and reporting and project planning and delivery. The co-ordination role brings an added dimension to the identification of complex issues/problems, reaching across multiple agencies and sectors to link them together to create solutions. Ultimately this avoids multi-faceted approaches and potential duplication. The Safe Community Foundation of New Zealand commented on the Ashburton project that "....*the ability of the Safe Communities Co-ordinator to be the connector and catalyst for change will be a key pivotal component moving forward*". Without this co-ordination role the Safe Communities Ashburton District initiative will have significant difficulty meeting its objectives, as delivery of the project work contained in the 2022-2023 Business Plan is not within the capacity of existing Safer Mid Canterbury staffing.

Safer Mid Canterbury Leadership Role

The Safe Communities Co-ordinator position and the Safe Communities project is well placed within Safer Mid Canterbury, which is recognised by Ashburton District Council as the lead agency to deliver the Safe Communities model.

INVESTMENT: 2022-2023

Delivery of the 2022-2023 Safe Communities Ashburton District Business Plan is budgeted to cost \$51,082 annually (subject to yearly inflation). The cost breakdown for the project over the coming year is:

INCOME	2022/2023
Ashburton District Council	\$36,082
Accident Compensation Corporation	\$15,000
TOTAL	\$51,082

EXPENDITURE	
Salary and associated staff costs	\$32,164
Overheads	\$5,500
Project resources	\$2,932
Direct project delivery costs	\$10,486
TOTAL	\$51,082

ACC will provide partnership funding of \$15,000 towards the project for the fourth year of its 5-year contractual period.

MONITORING AND REPORTING

As the host organisation, Safer Mid Canterbury will report six monthly and annually to the Ashburton District Council on achieving the Business Plan, and six monthly and annually to ACC.

SAFE COMMUNITIES ASHBURTON DISTRICT

- STRATEGIC PLAN 2019-2024
- BUSINESS PLAN 2022-2023

VISION – Ashburton District, our place, a safe place to live, work and play, free from preventable injury and harm

MISSION:

- to collaborate to achieve a safer Ashburton District
- to empower Ashburton District residents to feel safe and to know how to be safe

PRINCIPLES AND VALUES: SAFE COMMUNITIES ASHBURTON DISTRICT STEERING GROUP

- Collaboration working together will create positive change one message, many voices
- Sharing of skills, resources, information, ideas and experience will increase community safety in Ashburton District
- A safe and injury-free community to live in is achievable; injuries are preventable
- We are champions of community safety in the District
- We empower Ashburton District residents to know how to keep themselves safe
- Honesty, respect and integrity guide the work of the Steering Group

THE ASHBURTON DISTRICT SAFETY PICTURE: KEY FACTS

- Population 35,950
- 2016 17 fatal injuries 5/17 were due to a fall; 5 (29.4%) were aged 60 years or older, down from 9(52.9%) the previous year; above national rates
- 2018 394 hospital discharges due to injury, up from 384 the previous year; 46% due to a fall; 47/394 were people aged 65 to 74 years and 102/394 were people aged 75 years plus
- 2021- 2 fatal and 4 serious road crashes, down from 19 in 2020; alcohol is the top cause of death and seriously injured crashes and drivers 20-29 the dominant age group (39%) contributing to alcohol-related crashes.
- Year to March, 2020 -97 victimisations for assault by a family member, up from 44 in 2019

- Year ended 31 March, 2020–776 crime victimisations, down from 956 the previous year; 85% of reported crimes were theft and related offences, compared to 90% the previous year
- Unintentional injury to children 2019- ACC received 2,153 injury claims for children under 15 years; the most common sports injury for children 5-14 years is skiing/snowboarding (127 injuries in 2019)
- Family harm is an ongoing issue in our District
- Workplace wellbeing in the face of Covid-19 and workforce shortages are of concern

WHAT THE COMMUNITY SAYS

- 88% of 2021 respondents (89% in 2020) were satisfied with Council's role in helping keep the community safe through the provision of CCTV, street lighting, tree-trimming, liquor licensing, building inspection, food safety, road safety initiatives and an annual grant to Safer Mid Canterbury (2020/21 Annual Residents Survey).
- Satisfaction with Council's role in helping keep the community safe has been consistently high since 2017

WHAT'S IMPORTANT TO US?

- Rural Safety
- Road Safety
- Falls in Older People
- Harm Reduction/Prevention (Family harm; suicide prevention))
- Alcohol and Drugs and Community Safety (Early intervention/prevention)
- The Environment (built; natural)
- Community and Social Wellbeing

SAFE COMMUNITIES ASHBURTON DISTRICT STRATEGIC PLAN 2019-2024

(note areas in **RED** denote a new focus in response to national safety issues – Covid-19; Summer drowning statistics)

Goal 1: Collaboration – we work together to improve community safety

Goal 2: People in Ashburton District know how to keep themselves safe

Priorities	Responsible	What we will do
Increase awareness of community safety by	Mid Canterbury Citizens Advice	Deliver initiatives in the SCAD Communications Plan
making information readily available and	Bureau/ SCAD/agencies	
accessible		

providing information to the public	Work with relevant agencies to ensure the District has good quality, up to date, information which is readily available and well utilised by the public
SCAD/parenting agencies	Develop a collaboration of agencies offering parenting support
	Publicise programmes to ensure parents are aware of services
	Where appropriate, advocate for gaps in services
	public

Goal 3: Ashburton District's Rural Communities are well supported

Priorities	Responsible	What will we do
Support initiatives which help to reduce social isolation and injury	SCAD/rural support agencies	Work with rural support agencies to develop initiatives to reduce social isolation/increase personal safety
Support the District community transport service	Mid Canterbury Community Vehicle Trust/ECAN/SCAD	Seek to reduce social isolation by supporting the District community transport service and other public transport opportunities
