

# Draft Waste Management & Minimisation Plan 2022

Our Place: Our Waste – Managing it responsibly  
Consultation Document

Have your  
**Say!**

**1** We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?

Yes  No Why?

---

---

---

**2** Do you agree with the key issues in the draft Plan? Which issues do you agree or disagree with?

Yes  No Why?

---

---

---

*\*Please note all submissions are public documents and will be made available on Council's website.*

Submissions presented in the form of a petition or accompanied by multiple signatures will be treated as a single submission.

## Your details

First name: ANDREW Last name: WATKINS

Organisation (if appropriate): \_\_\_\_\_

## Do you wish to speak in support of your submission at the hearing?

(If no boxes are ticked, it will be considered that you do not wish to be heard)

**Yes:** The hearing will be held in the Council Chamber on Thursday, 6 July, 2022. Please note that hearings are live-streamed to our online channels.

I intend to present:  In Person  Virtually

**No:** I do not wish to speak in support of my submission and ask that the following written submission be fully considered.  
*Only because I won't be in the country*

Signature: Andrew Watkins

Date: 22-6-2022

# The full Draft Waste Management & Minimisation Plan is available from [ashburtondc.govt.nz/haveyoursay](http://ashburtondc.govt.nz/haveyoursay)

You can submit on any or all of the questions below. You don't have to complete every question.

### 3 Do you agree with the proposed actions in the draft Plan? Which actions do you agree or disagree with?

Yes  No Why?

---

---

---

---

### 4 Do you have any other comments?

I would like the council to consider incineration of our rubbish, in conjunction with other councils in the area. This would drastically lessen the burying of plastics and waste that could be burnt ending up in landfill.

If the plant was put near transmission lines, it power could be generated, that would be a bonus. These plants are used successfully overseas.

We are accepting feedback until 5pm, Thursday 23 June, 2022.
