

## Appendix 2 – Summary of Schedule 1 Feedback

### Summary of Schedule 1(3) consultation

Name	Summary of feedback received
Waka Kotahi/NZ Transport Agency	<p>Waka Kotahi is generally supportive of the changes proposed.</p> <p>The inclusion of High Trip generating activity provisions are particularly supported, as well as the intention to help encourage alternative modes of transport other than private motor vehicle use.</p> <p>Waka Kotahi recommends that Policy 10.4E is amended as follows:</p> <ul style="list-style-type: none"> <li>- It is recommended to prioritise avoidance of adverse effects, and then to mitigate those effects where avoidance isn't reasonably practicable. <i>“Avoid, where reasonably practicable, or else mitigate the adverse effects of high traffic generating activities on the transport network and the amenity of the environment.”</i></li> <li>- It is also recommended to address positive transport effects from high trip generators as a separate policy within the Transport Chapter. This will allow emphasis to be given to the importance of activities having positive effects on the transport network.</li> </ul>
Canterbury Regional Council (ECan)	<p>ECan supports the direction proposed in PC5.</p> <p>ECan supports the update of mobility and cycle parking standards, and the introduction of high traffic generating activities provisions. Both are consistent with Chapter 5 of the CRPS.</p> <p>ECan recommend the following changes to improve clarity:</p> <ul style="list-style-type: none"> <li>- It is recommended that clarity is provided to cycle parking requirements. It is not clear if the visitor parking needs to be provided in addition to the staff parking or if the parks can be shared.</li> <li>- It is recommended to clarify the definition of Large Format and Bulk Goods Retail and amend Table 10-1 to improve clarity.</li> </ul>
