
Page 1: Have your say - draft Revenue and Financing Policy - Methven-Springfield Water

Q1

Yes, I agree

Do you agree with adding Methven-Springfield to the District Water Group?

Page 2

Q2

Option Two - (1.2 + 1 - Council's preferred option)

If you agree with adding Methven-Springfield to the District Water Group, what is your preferred policy setting in regards to allocation?

Page 3

Q3

Other (please specify):
Montalto water scheme

I get my drinking water from:

Q4

Do you have any other comments?

As a rate payer on the Montalto water scheme my rates are also projected to increase over the next ten years, as shown in the ADC 10 year plan.

If Methven-Springfield water scheme is going to be included in the District Water Group then the Montalto water scheme also needs to be included, for all the same reasons that the ADC is using for Methven-Springfield.

The two points below have been taken from this very ADC document

As the scheme has a relatively small number of users, affordability could be threatened if larger agricultural users were to find alternative sources of water for farming.

Inclusion into the District Water Group also helps address the issue of fairness. Council believes that no matter where ratepayers live, they should pay roughly the same amount for water treated to the same standard.
