### Q1

Our Vision is: A district where biodiversity is protected and enhanced from the mountains to the sea (ki uta ki tai) by a community that values and cares for it. Think about what our district, thriving with biodiversity, could look like in 20 years' time. What do you see?

A balance between production and preserved nature

---

### Q2

Do the goals and objectives of the strategy capture what you see as the key issues facing biodiversity in the district?

**Yes,**

Please explain::

The authorities representing the district are efficiently protecting the ecosystem in the area.

---

### Q3

What do you see as the top five priorities from the objectives mentioned in the strategy? Tick up to five objectives:

**Prevent further loss of threatened indigenous species via pest control**

,

**Properly manage human activity on biodiversity,**

**Encourage ecotourism,**

**Share knowledge on indigenous biodiversity with the community**

,

**Sustain and improve school environmental programmes**

---

### Q4

We have identified 55 actions to reach the goals in the strategy. You can read about them in the Action Plan on pages 28 - 35 of the draft strategy. Is there any specific action or anything else Council should be doing to support biodiversity in the district? Note – Goals and objectives related to water quality for rivers, lakes and wetlands are regulated via the Canterbury Land and Water Regional Plan and therefore not part of this strategy.

Support pest management approach with other stakeholders to control plant and animal pests.

---

**Q5**

Do you have any other comments or feedback?

No
