1 Introduction

Ashburton District Council ('Council') relies on a clear distinction between governance and management activities for effective operation. Council is comprised of:

- **elected members**, who have overall responsibility for Council decisions and activities
- **the Chief Executive**, who is the sole employee of the elected members, and
- **Council officers**, who are employed by the Chief Executive.

Governance activities are the remit of elected members. Management activities are the remit of the Chief Executive, which include the provision of policy advice, as well as implementing the governance decisions made by elected members.

In order for a Council to operate efficiently and effectively, the Chief Executive delegates provision of policy advice and decision implementation to Council officers.

1.1 Purpose

The purpose of the Delegations Manual is to define and authorise the scope of:

- a) the division between governance and management activities
- b) Council's delegations of governance activities to Council committees
- c) Council's delegations of management activities to the Chief Executive
- d) the Chief Executive's delegations to Council officers, including the Executive Team.

Other aspects of Council's work programme can be delegated by Council resolution. This includes the work programme detailed in the Long-Term Plan and Annual Plan. Separate delegations are not required for Council officers to undertake any work included in these documents, which are adopted by Council.

The Delegations Manual also provides for specific delegations relating to finance, regulatory functions and specific statutory responsibilities devolved to Council through legislation.

1.2 Structure

The Delegations Manual ('the manual') is structured as follows:

- **Delegations framework** – this section outlines Council's guiding principles for delegating authority and establishes the legal power for making these delegations. It then establishes the framework through which the delegations are made and structured.
- **Governance delegations** – this section sets out the delegation of governance powers from Council to Committees.
- **Financial delegations** – the delegation of financial powers enables the achievement of Council's objectives and work programme, as adopted in the Long-Term Plan and Annual Plan. This section sets the limits of financial delegations to Council sub-committees and Council officers.
- **Statutory delegations** - this section sets out key statutes and regulations that devolve and delegate power, duties and responsibilities to Council. These delegations are consistent with the Local Government Act 2002 ('the Act'), which empowers Council to delegate the enforcement, inspection, licensing and administration related to bylaws and other regulatory matters to any other local authority, organisation, or person.
- **Non-statutory delegations** – this section sets out how the Chief Executive delegates management powers and responsibilities to facilitate the effective operation and administration of Council business.

2 Delegations philosophy

Delegations are ‘the assignment of a duty or power of action to another, together with the authority to carry out that duty or complete the action assigned with responsibility for the outcome.’

The powers, functions and duties of Council are prescribed by central government either expressly or implicitly by statute and associated regulations. The legislative framework imparts various different powers, functions and duties to the elected Council, the Chief Executive and to specific Council officers.

Primary statutes that impact Council include but are not limited to:

- Building Act 2004
- Local Government Act 2002 (‘the Act’)
- Resource Management Act 1991 (RMA)
- Reserves Act 1977.

2.1 Philosophy

In the interests of good management and effective administration, Council believes that **decision-making should be delegated to the lowest competent level**. This will enable the best use of elected member and Council officer abilities and minimise the cost of material, technical and financial resources.

Authority and responsibility are inseparable. Those with the responsibility for a task or function should always have the authority to carry it out effectively. Those with authority should always be responsible for its wise use.

Delegations do not remove ultimate accountability of elected members, the Chief Executive and the Executive Team for the affairs of Council.

2.2 Guidelines

Key principles

In making decisions about delegated authority, Council and the Chief Executive will balance the following, to enable Council to:

- operate efficiently and effectively,
- concentrate on its policy making role, empowering the Chief Executive and Council officers to implement and administer those policies,
- carry out Council functions openly and fairly,
- provide delegates with the necessary authority to effectively carry out delegated responsibilities, and
- properly observe all statutory requirements.

Other principles observed in the development of the manual are that delegations will:

- be made to positions, not people,
- be recorded in the Delegations Manual,
- have any updates recorded in an Appendix of Subsequent Delegations,
- prevent decisions made under delegated authority from being subsequently overturned by Council, and
- be reviewed and amended as required, including a review at the beginning of each new term of Council.

2.3 Delegations to the Chief Executive

Council may delegate any function to the Chief Executive except those expressly precluded by legislation.

Any further delegations by the Chief Executive made following the publication of this manual will be recorded in an Appendix of Subsequent Delegations.

The Chief Executive may appoint an Executive Team¹ member to assume delegated authority in the event of planned or unplanned leave, absence or unavailability.

Temporary delegations

Council officers who are charged with increased duties in a temporary capacity also receive the delegated powers, duties and responsibilities relevant to the position in which they are acting.

Extension of delegated authority

The Department Manager and GM of any Council officer who has a specific delegated authority will share the same delegation.

2.4 Legal restrictions

Council cannot delegate any power which is required by law to require a resolution of Council, including under Schedule 7 Clause 32 of the Local Government Act 2002.

Council cannot delegate the power to:

- adopt a Long-Term Plan, Annual Plan, or Annual Report;
- appoint the Chief Executive;

3 The legal framework

3.1 Council's principal responsibilities

The purpose of local government as per s.10 of the Act is:

- a) to enable democratic local decision-making and action by, and on behalf of, communities, and
- b) to promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

The governance principles of local government as set out in s.39 of the Act are:

- A local authority should ensure that the role of democratic governance of the community, and the expected conduct of elected members, is clear and understood by elected members and the community.
- A local authority should ensure that the governance structures and processes are effective, open, and transparent.
- A local authority should ensure that, so far as is practicable, responsibility and processes for decision-making in relation to regulatory responsibilities is separated from responsibility and processes for decision-making for non-regulatory responsibilities.
- A local authority should be a good employer.
- A local authority should ensure that the relationship between elected members and management of the local authority is effective and understood.

3.2 Responsibilities of the Chief Executive

The Local Government Act 2002 requires Council to delegate the management of the organisation to the Chief Executive in accordance with s.42 and Schedule 7 s.33 – s.36, on the terms and conditions that Council consider appropriate.

The Chief Executive is responsible to the elected Council for:

- implementing the decisions of the local authority;
- providing advice to members of the local authority and to its community boards, if any;
- ensuring that all responsibilities, duties, and powers delegated to him or her or to any person employed by the local authority, or imposed or conferred by an Act, regulation, or bylaw, are properly performed or exercised;
- ensuring the effective and efficient management of the activities of the local authority;
- maintaining systems to enable effective planning and accurate reporting of the financial and service performance of the local authority;
- providing leadership for the staff of the local authority;
- employing, on behalf of the local authority, the staff of the local authority (in accordance with any remuneration and employment policy); and
- negotiating the terms of employment of the staff of the local authority (in accordance with any remuneration and employment policy).

3.2.2 The Chief Executive is responsible for:

- a) Ensuring, as far as practicable, that the management structure of the local authority:
 - reflects and reinforces the separation of regulatory responsibilities and decision-making processes from other responsibilities and decision making processes; and
 - is capable of delivering adequate advice to the local authority to facilitate the explicit resolution of conflicting objectives.
- b) Appointment of independent commissioner(s) to hear, consider, and determine all contested resource consent applications in respect of which Council, or a Council-Controlled Organisation (CCO), is or could be perceived to be an interested party;
- c) Delegating to the Hearings Panel all of Council's regulatory powers in respect of hearing, considering and determining all matters relating to resource consents under the Resource Management Act 1991, and actions under the Dog Control Act 1996; and
- d) Delegating to appropriate staff Council's powers to undertake compliance inspection and enforcement in accordance with Council's approved procedures.

3.3 Delegation of powers to any other officer

The Delegations Manual records all delegations from the Chief Executive to Council officers. Schedule 7 (s.32B) of the Act provides (with some restrictions) powers for a Council officer to further delegate to any other officer.

4 Authority

The delegations made in the governance section of the manual and other delegations of statutory and financial powers to committees and subcommittees and all the delegations made to the Chief Executive were adopted by Council at meetings on 19 December 2019 and 27 February 2020.

Sub-delegations made by the Chief Executive pursuant to the policy and to the powers delegated to them.

5 Amendments to this manual

This manual shall be maintained by the Governance Team who shall amend it in accordance with:

- any instruction to that effect given by Council and any for delegate authorised to amend this manual;
- any need for typographical, grammatical or other minor amendment where the intention of Council in the matter of a delegation is not altered; and
- any changes as required by the Office of the Auditor General and as agreed by the Chief Executive.

The delegations manual will be reviewed after each triennial election.

6 Governance delegations

6.1 Introduction

Council's delegation model is designed to enable committees of Council to fully and completely undertake their roles consistent with their terms of reference.

The use of delegated authority to the most appropriate level of the organisation enables Council to achieve the purpose of local government as prescribed in section 10 of the Local Government Act 2002; which is:

- to enable democratic local decision-making and action by, and on behalf of, communities; and
- to promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

When a statute or regulation empowers Council to carry out a decision-making function, that decision must be made by resolution of the full governing body, unless the statute or regulation permits delegation to a committee, subcommittee or Council officer.

The business to be delivered and administered by Council is significant and wide-ranging, implementing the requirements of many statutes and associated regulations, Council plans, policies, bylaws and other services. Without delegation, Council's operations and administration would not be efficient, effective or timely in delivering services.

The body or person to whom powers are delegated will usually exercise the delegated power, but is not obliged to do so. Delegates may choose not to exercise authority when a matter becomes of high public interest, or the issues involved are contentious or high-risk.

When urgency, public-interest or risk requires, matters that would normally be delegated for decision to a standing committee will go to the full elected Council for decision.

The Council ~~has~~ established the following Standing Committees at the start of the 2019-22 term. A review of Council's governance structure in October 2020 discharged four of the standing committees and reconstituted the Audit, Risk & Finance Committee as the Audit & Risk Committee. Consequently the discharged committees are removed from the delegations manual:

- Executive Committee
- Audit, ~~& Risk and Finance~~ Committee
- ~~Bylaw and Policy Committee~~
- ~~Community Services Committee~~
- ~~Environmental Services Committee~~
- ~~Infrastructure Services Committee~~

6.2 Powers retained by Council

Council retains the powers outlined in section 2.4 and 2.5.

6.3 Expectations of standing committees

Within its areas of jurisdiction, each standing committee is expected to:

- observe and pursue the goals, objectives and strategies in any strategic plan adopted by full Council;
- maintain regular communications with other committees and full Council to ensure that the widest possible good is achieved for the community;

- approve expenditure that exceeds delegated authority of Council officers, within the financial parameters of the Long-Term Plan and Annual Plan;
- ensure appropriate consultation and communication is undertaken with the community and affected stakeholders;
- monitor and respond to changes in legislation governing their jurisdiction; and
- support Council staff to achieve programmes and projects contained in the Long-Term Plan.

8 Statutory delegations

8.1 Introduction

Local authorities have a wide range of legislative responsibilities. Some of these are general, in that they apply to all organisations in New Zealand. These include the Employment Relations Act 2000, Health and Safety at Work Act 2015 and Goods and Services Tax Act 1985.

However, many statutes contain provisions specific to local government, setting out specific powers and responsibilities. Most of Council's regulatory powers, along with the rules around their implementation, are contained in statute. These include the Resource Management Act 1991 and Building Act 2004.

This section of the Delegations Manual sets out the delegations of these statutory responsibilities to committees, Council officers and external service providers.

Section 145 of the Local Government Act 2002 empowers Council to develop bylaws. The purpose of any bylaw must be one or more of the following:

- protect the public from nuisance;
- protect, promote and maintain public health and safety; and
- minimise the potential for offensive behaviour in public places.

Bylaw development and adoption cannot be delegated, although the powers created by bylaws and their enforcement of bylaws can be. |

The delegation of these powers, duties and functions is also specified in this section of the Delegations Manual.
