Matters Arising:

Correspondence:

Planting for Domain.

Water account.

Finance:

No activity on all reserves just the usual income for Maronan Reserve.

Health and Safety:

Nothing to report

General Business:

The sign for Maronan Reserve is finished, it's a bit smaller than planned but will work great for the area planned to put it.

Lynnford hall is still to be moved.

Leases are done and are waiting approval from the board.

Dog signs are done for the Hinds Domain and need to be put up.

Playgrounds audits are done. Swings at Hinds Domain will need replacing in 3 years. The slide is a bit high and if the metal frame is ever replaced it will be made shorter.

The remainder of the plants have been ordered. The plants that were planted are doing well.

We will apply for the bio diversity grant. DK/DMC

Bollards and bark are in the budget, the budget has been put through and approved by councillors.

Will spend the next few months planning our submission for the 10 year plan.

MEETING CLOSED 8.42PM
