Draft Waste Management & Minimisation Plan	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	Have compost bin & worm farms
Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:

Do you agree with the proposed actions in the draft Plan? If so, which actions do you agree or disagree with?:

Do you have any other comments?:	I add garden prunings etc to the red bin each week. Would a large "green waste" bin be an option as contents would be recyclable? Grateful for regular collection. Thanks
