

Do you wish to speak in support of your submission?: No

Do you support the disposal of Grove Street Park? : Yes, I support the disposal of Grove Street Park

Let us know why:

The new playground which will be developed in the subdivision will give families a chance to continue to use a playground facility within the area, as well as offer a bigger scale and hopefully offer more range of play equipment. This will give families an opportunity to use an upgraded playground in the growing area. Tinwald's population growth is expected to jump quite quickly with the new development and this will be an attractive sales point for families considering the area - which in turn will also benefit the local school. Removing the old playground is an appropriate position for subdivision access and makes traffic flow more practical. I am in favour of this as my family will benefit from a newer playground within the area.

Do you have any further comments?:

I understand that all submissions are public documents and will be made available on Council's website with the names of submitters included: Yes
