If yes, do you wish to support your submission in person or virtually?:	
Draft Trading in Public Places Bylaw	
Do you agree that this bylaw should be renamed to "Trading in Public Places Bylaw"?:	Yes
Additional Comments:	
Do you agree with any of the proposed changes to permitted or discretionary sites? If so, which sites do you agree or disagree with?:	Yes
Additional Comments:	The Rakaia Community Association (RCA) agrees in the most part with the proposals for our Township but we would like to see a few changes to the exact positions of the proposed sites as layed out on pages 25 and 26. We would like to see the Site on Railway Tec East moved, either way (more North or more South) along the road, as we feel it would be too close to our new Dump station going to be installed in the exact same area soon. We don't like the idea of human effluent being dumped so close to Food services. For the area along Rakaia Terrace on page 26 we would like to see the area able to be used to be extended to be twice the length indicated on the map, as people from the properties near by often park on that side of the road in the area marked on the map. We would also like to see an area set aside on the East side of Rakaia township somewhere suitable, maybe near the publicly owned land on the corner of Michael and Tancrede st and Pit st. Regards RCA.
