Draft Waste Management & Minimisation Plan	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	Yes
Why?:	Because most people are lazy and don't do home compost! This way it could be like TDC and also include paper etc as well.
Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:	Yes
Why?:	Reducing items that don't need to be in landfill is always a great plan. Businesses have to pay for cardboard pick up, so I'm sure anything provided by council would work out cheaper than what they are doing now
Do you agree with the proposed actions in the draft Plan? If so, which actions do you agree or disagree with?:	Yes
