## Draft Interim Speed Management Plan 2022

**Q5**

**Yes**

Do you agree with the principle to introduce speed management for urban fringe zones in the district to respond to future growth?

---

**Q6**

**Yes**

Do you agree with the principle to enable speed management for developed urban areas with a high number of active users?

---

**Q7**

Do you have any other comments or feedback about this draft plan?

I appreciate the speed changes and feel they are well founded. However, I am extremely concerned that you have not included the other side of Tinwald School on Graham Street. Heavy trucks and vehicles are frequently driving with exceptional speed and this makes the pedestrian walkway and sidewalks high hazard areas. The children sometimes walk around the block as part of their physical education. These drivers are sometimes on their phones. It is a concerning situation that needs to be addressed before a serious event happens. No one, especially the children should have this kind of risk to contend with. Please even a speed bump or something to help slow these people down...
