

Do you wish to speak in support of your submission at the hearing?:	No
Do you agree with our proposal to introduce tiered site requirements for different areas within the district?:	No
Additional Comment:	Hospitality sector has had a rough couple of years, and it still is a struggle for most. I am opposed to the council charging any kind of fee to a business that just have couple of tables and chairs that sit on the footpath. It's good for business and Ashburton lifestyle to offer alfresco dining, don't make it harder for them to operate by getting picky with 2.4m clear spaces. It's not like these areas have swarms of crowds passing through.
Do you agree with our proposal to update the smoke free clauses?:	No
Additional Comment:	While I am not against going smokefree (am an ex smoker myself), I do not agree with the enforcing the establishments to make all outdoor areas smokefree. it is a personal choice to smoke, it should be a personal choice for the establishments to have the right to choose to have their outdoor areas as smoking friendly or smokefree. In short, you are not going to stop smoking , In pub situations the smokers and will just got outside the outdoor area on the pavement and still smoke.
Do you agree with our proposal to introduce a section on the ownership of structures?:	Yes
Additional Comment:	Yes fair call for ownership and upkeep of structures.
Do you have any other comments on the draft policy?:
