## ASHBURTON DISTRICT COUNCIL ROAD NETWORK MAINTENANCE AND OPERATIONS NEWSLETTER

ROAD0144 | Issue 26 | March 2023

### **Executive Summary**

#### Tena Koutou Katoa,

March 2023 was another busy and productive month! We've completed rating all the unsealed roads in the district and will use this data to help with programming of unsealed maintenance and renewals works.

Conditions allowed our cyclic teams to do much needed sign maintenance and new installs, painting of signs and sight rails and intersection sweeping.

Our Minor Works team completed necessary maintenance on 15 bridges, completed drainage work, attended numerous flooding sites and completed CRM's

Our Heavy Maintenance teams continued with sealed road repairs on Moorhouse Road, Ealing Montalto, Barkers and Cochranes Road.

Nearly 2km of Road Rehabilitation on Thompsons Track between Line Road and Winchmore Lauriston Road have been completed. Preparation work for the next section between Dip Road and Ashburton River Road has already started and programmed to be completed end of April 2023.

Our trading partners continued to deliver street cleaning, vegetation control/weed spraying and unsealed roads maintenance.

The safety focus for March was on Plant, we encouraged our leaders to discuss vehicle movements at their morning toolbox and focus on accurate reporting and pre-starts checks.

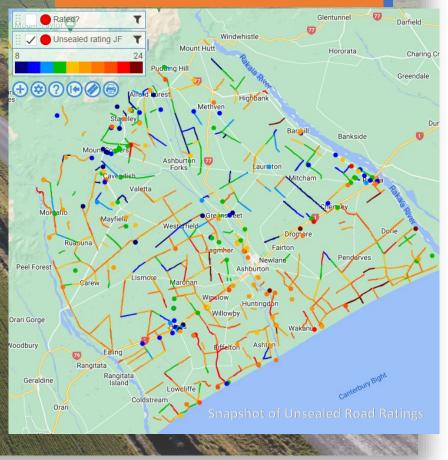

James Faber Contract Manager – Road Maintenance. Summary below of key achievements during March:

# Upcoming Planned Works – April 23

## Overview

Our Heavy Maintenance Team will continue with digout repairs on Ealing Montalto Road, Maronan Valetta Road, Barkers Road, Forest Drive and Pudding Hill Road. With colder/wetter weather forecast for April, we will keep an eye out for drainage issues on unsealed roads.

Our Minor works team will help with sealed road repairs, before shifting their focus to drainage, bridge maintenance and incoming CRM's.

Cyclic teams will focus signs, hazard markers and continue to fill potholes across the network.

### Summary of planned works
