Comments:

- ④ Because of the problem caused by smokers, smokers walk away from the alfresco dining area to smoke and dispose of butts in gutters pavements and GARDENS. Until smoking is totally banned in all areas this problem of smokers moving out of the dining area to smoke will continue.
- It is imperative therefore to have disposable receptacles for discarded cigarette butts in areas close by to the alfresco dining areas.
- Why should locals who walk past these areas have to look at gardens covered in cigarette butts?
- Rolleston is a good example where there are receptacles for cigarette butts. Not a butt in sight and whole areas clean and tidy. This problem needs URGENT attention especially within the CBD.

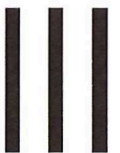

Submissions must be received by 5pm, Sunday 23 October 2022.

Please note all submissions are public documents and will be made available on Council's website with the names of submitters included. Submissions presented in the form of a petition or accompanied by multiple signatures will be processed as a single submission.
