8. COVID - 19 Wage Subsidy

The wage subsidies are exempt from GST. When the subsidies are used to pay wages to employees, the corresponding subsidised portion of the wage payment is non-deductible to the business, but treated as normal wages in the hands of the employee and subject to usual withholding deductions such as PAYE and Kiwisaver.

Subsidies received may be subject to review or audit. Retention of the full subsidy received \$202,631.57, and not requiring repayment to the Government is dependent on the business meeting the original conditions for obtaining the wage subsidy

10. Events After the Balance Date

On the 23rd January 2022, All New Zealand moves to Red Traffic Light Setting. This impacted the proposed March production of Jesus Christ Superstar ultimately resulting in the cancellation of the production for the second time. The production was remounted in June 2022 with performance dates from the 1st – 8th October.

11. Contingent Liabilities and Guarantees

There are no contingent liabilities or guarantees as at 30 June 2022. (2021: Nil)

12. Ability to Continue Operating

The committee in approving the financial statements, with the continued support of the operating grant from the Ashburton District Council, consider the Trust has sufficient resources to meet debts as they fall due in the foreseeable future. As such, the financial statements have been prepared on the basis of going concern.

The Trustees are conscious of the deficits that the Trust have reported in the 2022 year and recent years. From Note 2 it can be seen that the principal cause of the deficits have been the depreciation expense - mainly on the building and related assets.
