Which ones do you support and why? A B C D

Which ones don't you support and why?

Is there anything else we need to think about for parking in the district? Could build a 3 story car park building to have lots of parking without taking heaps of room in town and pay for how long you stay

If you own, or are considering purchasing an electric vehicle in the future, do you think more charging stations should be provided in more public locations than currently? Yes - If more and more people buy electric vehicle there's not enough chargers around. The cars take ages to charge

If you own, or are considering purchasing an E-bike in the future, do you think parking facilities should be provided in public locations? Yes - Somewhere to lock your bike up to when you're out and about in town is a great idea so it's safe and will be in the same spot it was left

Do you support the addition of drivers over 80 years to the Mobility Parking Policy? Yes - Yes they shouldn't have to walk for miles to get into shops

Any other comments on the Draft Ashburton District Parking Strategy? More rubbish bins around car parks as the one on SH1 you see rubbish chucked all over the area

ASHBURTON TOWN CENTRE PARKING MANAGEMENT PLAN

Do you support the draft action plan?

Which ones do you support and why? All

Which ones don't you support and why?

Is there anything else we need to think about for parking in the Ashburton town centre? A 3 story car park building

Do you know of any specific parking issues in the other towns across our district? Your feedback will help us for future parking management plans. Time If had a car park that allowed you to grab a park ticket the gate opened and then swipe or scan ticket and pay when leaving

Do you support the development of a new public car park in the West Street rail reserve north of Havelock Street? No - Town to Spread out and car park in town in 3 story building would allow more parks and closer to shops

Do you think specific parking spaces reserved for vehicles where people have car pooled together is a good idea to encourage this form of travel? No - People will park there no matter what how do they prove they car pooled

Do you have suggestions on where parking time restrictions need reviewing? Yes - City Fitness as some people work out for longer than the time that's in the car park

If you own, or are considering purchasing an electric vehicle, do you think more charging should be provided in public locations than just the current West Street car park? Yes - Not enough chargers around need more if a lot of people end up owning these cars

If you own, or are considering purchasing an E-bike, do you think charging facilities should be provided in public locations in the Ashburton town centre? Yes - Maybe but bikes you can still ride weather the battery is dead or not and would there be a charge for this ?

Any other comments?
