Ian and Rhonda from the A.D.C (Open Spaces) presented the meeting with ideas and designs of new toilets to be built in the Mayfield Reserve in maybe July 2022. There is funding for the toilets in The Long Term Plan. The toilets were built in the 1970s and have served the community well.

They will replace them with 4 unisex toilets. A general discussion took place on the soak holes pipe fittings, plumbing etc and whether to include toilet in the swimming pool complex.
