Comments:

Do you support the goals in the Ashburton Airport Development Plan (as follows)?* Ashburton airport is enabled to become more financially independent* More people are attracted to Ashburton Airport for activities that support the vibrancy and viability of the facility* Ashburton Airport is sustainably managed to support increased use of the facility over the next 30 years* Ashburton Airport remains an appealing, thriving hub for the local community and visiting aviation enthusiasts for the next thirty years

I think it would be unwise to develop the airport when it's located so close to town. Looking forward a location at either Hinds or Chertsy would be more suitable and would provide more future development opportunities

Q5

In 2021/22, the total budget for Ashburton Airport was \$152,023, of which 60.9% (\$92,558) was funded from rates. Which level of rates funding would you support us working towards?

Other (please specify):

Should the airport be funded what does the ratepayer receive from the airport?

Q6

Referring to the map below, please select which of the following you agree with:(you can click on the image to make it bigger)

Other (please specify):

None this location is not suitable for further or any development it's to close to town

Q7

Referring to the hangar homes proposal on page 8 of the consultation document (click here to view), what is your preferred density of hangar homes?

No hangar homes,

Other (please specify):

Again to develop the airport you need to relocate it first.

Q8

Do you have any other comments or feedback about this draft plan?

It's unbelievable to consider expanding the airport when so close to town it needs a new location so that expansion in the future can proceed
