Q8

Do you have any other comments or feedback about this draft plan?

I do not favour as a pilot having a flight training school and sky diving enterprise due to safety concerns. I also believe on top of all this the inclusion of RNAV instrument landing of up to 30 flights will add more risk to Ashburton airfield. why not provide of field at a site away from the airport. It seem a money driven plan at the expense of safety and wear and tear of a grass airstrips. Very careful steps are needed in what are huge changes to Ashburton airport.
