

# ASHBURTON DISTRICT COUNCIL ROAD NETWORK MAINTENANCE AND OPERATIONS NEWSLETTER

ROAD0144 | Issue 23 | December 2022

**working for you**  
*manaaki whenua, manaaki tangata*

## Executive Summary

Tena Koutou Katoa,

During December 2022 we focused on making the network safe and ready for the holidays.

Sealed road repairs were a top priority for us, as we needed to keep ahead of the district reseal programme and not cause any delay to ACL. We completed digout and stab repairs on Thompsons Track, Line Road, Winchmore Lauriston and McKays Road

Both our Northern and Southern cyclic teams have been busy tackling potholes, stop/give way signs and any safety concerns that needed to be addressed before the holiday period. They inspected and made-safe any safety defects on their primary roads, like ARG and Thompsons Track to ensure road-user safety. During the holiday period these teams continued their work to keep our network safe.

Our trading partners are in full swing. Our street cleaning and vegetation control/weed spraying operations are being kept busy as rain mixed with mild temperatures is causing vegetation to take-off.

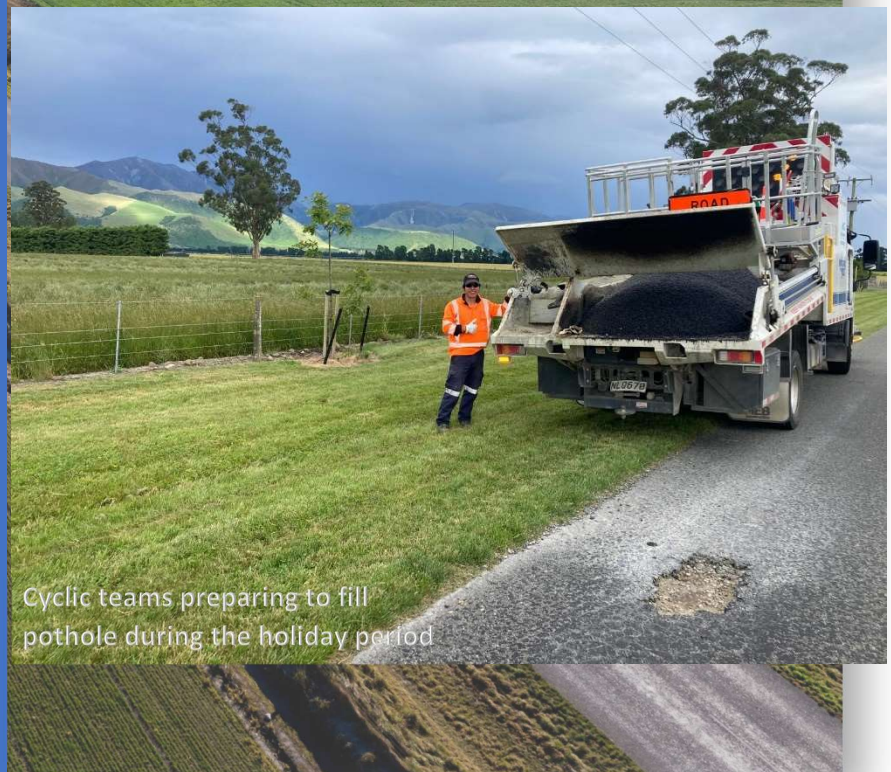

During December we reminded our crew leaders to manage fatigue within their teams, to have regular discussions about managing fatigue and to check our mark before we start so that we could see the year out with everyone returning safe to their homes and get some well-deserved rest.

Last, but not least, would like to thank our team willing to work through the holidays to ensure the roads are kept safe!!!

James Faber  
Contract Manager – Road Maintenance.

Summary below of key achievements during December:

- 665 potholes filled
- 232 m Edge breaks repaired
- 54 m2 Surface levelling completed
- 708 m2 Digout Repairs

Cyclic teams preparing to fill pothole during the holiday period

# Upcoming Planned Works – January 23

## Overview

Our Heavy Maintenance Team will start 2023 on Arundel Rakaia Gorge Road and work their way Northbound digging out failures all the way to Mayfield.

Stab team will finish the works needed on the 2022/23 reseal sites and head up Ashburton Gorge Road to do much needed repairs.

Our Minor works team will focus on drainage works and incoming CRM's.

Cyclic teams will continue to fill potholes, bridge maintenance and repairing signage & railings across the network

### Christmas Eve
