Feedback on the draft Ashburton Town Centre Parking Management Plan

1 Do you support the draft Action Plan? - Yes

a. Which actions do you support and why?

More EV charging stations should be installed around the town - in all major car-parks eg super-markets warehouse etc.

b. Which actions don't you support and why?

Long-term ADC should be encouraging people to move to "non-polluting" vehicles, in relation to climate change

2 Is there anything else we need to think about for parking in the Ashburton town centre?

Parking for bicycles and micro-mobility devices needs to be well catered for, also for e-scooters, and mobility "chariots", consider a speed limit on the footpaths.

3 Any other comments? We also asked a couple of specific questions on pages 2, 11-13. Let us know your answers here.

I strongly support the proposed "West Street" car park adjacent to the Museum & Art Gallery, it an excellent idea. Consider an underpass tunnel under West Street to give safe access to the Museum & Art Gallery OR extend the railway over-bridge across West Street to provide safe walking/biking access to the Domain area.
