Draft Waste Management & Minimisation Plan	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	I recycle my food scraps in my garden or give food to the food bank.
Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:	
Why?:	Our green waste disposal in Methven is not open on a Wed. When people are at work and 4 hrs on Sunday. Needs to be open longer at w/ ends. It is also variable in price sometimes very expensive. Do you want to encourage people to dispose of green waste in curbside collection or at the green waste.
Do you agree with the proposed actions in the draft Plan? If so, which actions do you agree or disagree with?:	
Why?:	If you want people to dispose of green waste in a green waste site open the site and make it affordable or open more than one site.
Do you have any other comments?:
