

Do you wish to speak in support of your submission at the hearing?:	No
Do you agree with our proposal to introduce tiered site requirements for different areas within the district?:	No
Additional Comment:	I think all business should be eligible to submit plans to construct outdoor dining areas. The Methven community is growing rapidly and at times we are turning customers away as we do not have enough seating. With the hot pools growing in popularity we have plans to give our cafe an overhaul to make Methven an amazing place for visitors. We rely on our outdoor area to meet our growing customer needs and would love to construct an outdoor area in the future. With the proposed changes we will lose seating outside as it can only be up against our store front even though our foot path areas in large enough to seat more if not against our building. Every businesses needs/situation is different and to put us all into one box doesn't make sense.
Do you agree with our proposal to update the smoke free clauses?:	Yes
