Draft Waste Management & Minimisation Plan	
We are proposing to introduce household kerbside food waste collection. Other districts have done so at a cost of about \$50 per household per year. Would you support a kerbside food waste collection service being implemented?:	No
Why?:	I don't have any food waste as have a compost bin, so don't agree that I should pay \$50 per year extra to have kerbside waste collected. We need to educate people what to do with their waste food, rather than charge everyone for something that they already do.
Do you agree with the key issues in the draft Plan? If so, which issues do you agree or disagree with?:	Yes
