

## 6.0 Planning and resource consents

Planning and resource consent fees are charged under the Resource Management Act 1991. Fees indicated by a <sup>(B)</sup> below are a **minimum** fee. Council may recover all additional costs on a time and cost basis. Additional charges will be determined on the basis of actual and reasonable costs. Time in excess of that covered by minimum fees will be charged in 30-minute increments to the nearest half hour.

Costs incurred by Council, such as travel, materials are charged at the cost to Council plus 10% cost of administration.

Costs associated with the review of compliance with the provisions of the Resource Management Act 1991, the Ashburton District Plan and the monitoring of resource consent conditions will be recovered on a time/cost basis. For the monitoring of consent conditions, any costs to be recovered will be less any monitoring fees paid at the time of application.

If the cost of receiving and processing a resource consent application is less than the prescribed fee, Council may refund the difference to the applicant <sup>(C)</sup>.

For Land Use Consents a \$70 monitoring fee is included in the lodgement fee. This fee is refundable where consent is not granted, or the application is withdrawn <sup>(D)</sup>.

Council may create and install a new rapid plate and number on a site where it has been identified that the existing plate has been moved from its surveyed location by more than 20m. All costs associated with resurveying, creating and installing new plates will be passed on to the landowner.
