Q7

Do you have any other comments or feedback about this draft plan?

Council should enter into a more robust policing plan with police, to ensure that these restrictions are far more stringently policed, because current policing for speed in town is well nigh extinct. Also I believe that there is a case for more speed bumps to be installed around targeted areas of town. I note that the 30k limit in the updated centre of town is not being policed, Why not?
