Q7

No hangar homes

Referring to the hangar homes proposal on page 8 of the consultation document ([click here to view](#)), what is your preferred density of hangar homes?

Q8

Do you have any other comments or feedback about this draft plan?

I do not believe any of the above proposals should go ahead. Council has recently made it clear that they have no money to do projects that have already been promised and have pushed these back. eg: the Walnut ave entrance into the Domain which currently is forcing people to do U-turns on the West Street to get into to the domain. Or finishing the many things that are wrong with the town development that havent met standards.

I believe the council needs to stop, for a few years at least, and do the projects they have already promised and stop wasting money and time on making new plans to spend money they do not have
