Q4

Do you agree with the principle to lower speed limits outside schools within the district?

No,

Comments:

What happened to the flashing lights outside schools that operate as students were coming or going. Are the proposed limits 24/7 as I can find no information on this. Even thru holiday periods, as those without kids at school often don't know when holidays are. Its ridiculous to enforce this 24/7, but if not, I have to check the time with my phone when nearing a school, also illegal !!

Draft Interim Speed Management Plan 2022

Q5

Yes

Do you agree with the principle to introduce speed management for urban fringe zones in the district to respond to future growth?

Q6

No,

Do you agree with the principle to enable speed management for developed urban areas with a high number of active users?

Other (please specify):

You always do this as required anyway

Q7

Do you have any other comments or feedback about this draft plan?

The problem with so many speed limits is one spends more to watching the speedo than the road.
