Guidance Notes- Special Licence Application

Sale and Supply of Alcohol Act 2012

Please use this guide to help you with understanding fees and the requirements of an application for a Special Licence under the Sale and Supply of Alcohol Act 2012.

Size of Event

The Regulations defines the size of events as follows:

- Small event: Less than 100 attendees
- Medium event: Between 100 and 400 attendees
- Large event: More than 400 attendees (this requires additional information such as an Alcohol Management Plan).

Applicable Fee

The Default fee to be applied takes into account the above sizing but also allows for other considerations to be taken into account e.g. irrespective of the number of attendees, whether any additional processing and/or monitoring of the event is required i.e. Large public events.

Using the default fees framework as a guide, Ashburton District Council has therefore categorised the default fees in line with the size, type and number of event(s) as follows:

- | | | |
|------------|--|----------|
| • Class 3: | One or Two Small events: | \$63.25 |
| • Class 2: | Three to Twelve Small events, or
One to Three Medium events: | \$207.00 |
| • Class 1: | A Large event, or
Thirteen or More Small events, or
Four or More Medium events and/or
Large public event and/or Rodeo, Festival or similar event: | \$575.00 |

Please Note: Ashburton District Council reserves the right to increase the event level of fee to be applied, if the Council has reasonable grounds to consider additional processing and monitoring of the event is required i.e. The event is a Rodeo or of a similar nature and irrespective of the number of attendees poses an increased risk.

What is Host Responsibility?

Host Responsibility is the term used to describe ideas to help create a safer drinking environment. The six key components of Host Responsibility are:-

- Do not serve alcohol to minors (under 18 years old);
- Provide and promote substantial food;
- Provide and promote low and non-alcoholic drinks;
- Arranges safe transport options;
- Prevent intoxication;
- Serves alcohol responsibly, or not at all.

Serving Minors

The minimum age at which persons can purchase alcohol is 18 years. A minor (person under 18) cannot purchase alcohol even if accompanied by their parent or legal guardian; however, a parent or guardian may purchase liquor and supply it to a minor. The definition of “legal guardian” is narrow, and does not include sports coach, extended family, or older sibling.

Providing Food

Providing substantial food at an event where liquor is served is important, to slow down the absorption of alcohol from the stomach into the blood. Foods such as nachos, wedges, sandwiches, savouries can taste great, and also slow down the onset of intoxication. Promote your food and have it available at all times that liquor is being sold or supplied.

Providing Low and Non-Alcoholic Drinks

Have a range of low-alcohol and non-alcoholic alcohol drinks available. Check the alcohol content of drinks; some will contain more alcohol than you realise. Some RTDs are available from 5% to 12% alcohol. Provide beverages for those who choose not to drink alcohol; there is a huge range available.

Arrange Safe Transport Options

Arrange safe transport home for your guests. Encourage sober drivers, have a courtesy vehicle available, or a free to use phone to call a taxi or friend all help to get your guests home safely.

Preventing Intoxication

The onset of intoxication is gradual, and the signs vary amongst individuals. Alcohol helps to relax most people, however changes in speech, co-ordination, appearance and behaviour should be heeded, and service slowed down or refused. It's not easy to “cut-off” a mate, but you are doing them a favour.

Police crime and injury statistics show that intoxicated persons are much more likely to be either offenders (usually male), or victims (often women). It is against the law to sell or supply liquor to an intoxicated person on licensed premises.

Serving Alcohol Responsibly

Serving Alcohol responsibly means just that! Avoid drinking games and serving more than doubles. Serving spirits in containers greater than 500 ml in licensed premises is illegal. Watch out for drink spiking; alcohol is the most common drug in drink-spiking sexual assaults.

What is Designation?

Designation in this context means who can be in the licenced area or venue whilst alcohol is being served.

UNDESIGNATED – any member of the public may be in the Licensed area whilst the Special Licence is in operation.

SUPERVISED – any member of the public 18 years or older may be in the Licensed area whilst the Special Licence is in operation. In addition, minors may be present with their parent or legal guardian.

RESTRICTED – only members of the public 18 years or older may be in the Licensed area whilst the Special Licence is in operation.

Fire Evacuation Procedures

The owner of any building that is accessible to the public, must have in place fire evacuation procedures for the safe, prompt, and efficient evacuation of the building's occupants in the event of a fire emergency. One of the fire evacuation requirements is that if your premises can hold 100 or more persons, then a Fire and Emergency NZ approved Fire Evacuation Scheme must be in place and kept up-to-date.

Contact FENZ Ashburton office for further information on 03 307 8962.

Special Licences

The following notes apply to all licensed premises, however, are provided for Special Licence applicants, as it is recognized that these events are often run by community groups without trained bar staff.

1. **Emergency exits must be kept clear.** Ensure that exits are not compromised by stands, stalls, displays etc. There is the temptation to utilize all available space when having one-off events.
2. **Know your maximum occupancy numbers.** Management of people entering the building is critical, to assess the numbers. Security staff should have counters to keep track of the number of people in the building.
3. **Fire Warden.** Unless there is an events manager appointed and present at the time, the bar manager is usually deemed the Building's Fire Warden. **If this responsibility is delegated, e.g. to security staff, it should be with clear instructions of duties, evacuation procedures etc.**
4. **Warrant of Fitness.** All buildings which have life safety features such as alarm systems, fire exits and alike require a building Warrant of Fitness. **Do you know what to do in an emergency?**

Non-compliance with your responsibilities may result in opposition to your licence or legal action through the district court.
